## The University

Alliant International University is a private, independent University with campus locations in six California cities — Fresno, Irvine, Los Angeles, Sacramento, San Diego, and San Francisco. Alliant also has a location in Mexico City and offers programs in Tokyo and Hong Kong. The University's mission includes a strong commitment to providing students with global understanding and a multicultural perspective, through both its formal curricula and the experiences of studying, working and living cooperatively in a racially, ethnically, and culturally diverse environment.

## Introduction

Alliant International University ("University") is providing the following information to all current and prospective students and employees as part of the University's commitment to safety and security pursuant to the requirements of the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act") and the Violence Against Women Reauthorization Act of 2013 ("VAWA"), which added Campus SaVE Act provisions. VAWA amended the Clery Act, requiring institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports. Effective July 1, 2015, the U.S. Department of Education published final regulations implementing the changes to the Clery Act by VAWA.

Prior to July 1, 2015, in accordance with the Department's Dear Colleague Letter GEN 14---13 dated July 14, 2014, the Department required institutions to make a "good---faith effort to comply with the statutory provisions as written" until the effective date of the final regulations.

This report details campus policies on reporting criminal actions and other emergencies, security and access to campus facilities, campus crime prevention programs, policies on the possession, use, and sale of alcoholic beverages and illegal drugs, drug and alcohol abuse programs and crime statistics.

## Preparation of Report

The report was prepared with inputs from the following Alliant University departments: The Public Safety office at the San Diego campus, the Office of Residence Life and Housing, Human Resources, and Student Services and Facilities departments at each campus.

Campus crime, arrest, and referral statistics include those reported to Campus Public Safety, designated Campus Security Authorities, and local law enforcement agencies.

This report is compiled annually under the direction of the Vice President of Student Services and the Director of Compliance, who are responsible for obtaining crime reports from Campus Security Authorities, checking the accuracy of reports, and reconciling statistics to assure proper categorization and to avoid double counting. For questions about any of the information provided in this report, please contact the Vice President of Student Services, Amber Eckert, at 858-635-4535 or amber.eckert@alliant.edu.

Security and safety information is updated annually and provided to all students, employees, and applicants for admission. Additional detailed information on campus security and safety is distributed to all students and employees in the Alliant International University Academic Catalog and the my.Alliant portal. Campuses will provide the most timely and specific information possible and will work to answer all questions raised by students, faculty, and staff.

By October 1 of each year, campus crime statistics are reported and distributed to the campus community. They are collected in July and August by the Campus Security Official, prepared for the annual campus security report and are transmitted electronically to the Department of Education. Thus, they are always available to the community at large. The following is the Annual Campus Security and Fire Safety Report for Alliant's Fresno, Hong Kong, Irvine, Los Angeles, Mexico City, Sacramento, San Diego, San Francisco and Tokyo campuses. The Security and Fire Safety Reports for all Alliant campuses may be obtained after October 1, 2018 through the Vice President of Student Services at (858) 635-4535, and may be viewed at https://www.alliant.edu/consumer-information/fire-safety-reports/.

## Crime Log

The Public Safety office and/or Campus Director maintains crime logs documenting any criminal incident or alleged criminal incident that occurs on the campus, on public property within or immediately adjacent to and is accessible from the campus, and is reported to Campus Security Authorities. These logs extend beyond Clery Act crimes. This information is available for public inspection, upon request, during normal business hours. Information in the crime log includes the following: the nature of the crime, the date and time the crime occurred, a general location of the crime, the case number, and any known disposition of the complaint. Any portion of the logs older than 60 days will be made available within two business days of a request for public inspection. The University reserves the right to maintain the privacy of both the victim and the accused in any of these situations except as may be required by law.

## Campus Security Authorities

Safety at Alliant is everybody's business. Students, staff, and faculty are partners in creating an atmosphere that is safe and encourages learning. The University takes many precautions for safety and expects that students, faculty, and staff will do the same.

A student, faculty, or staff member who has been the victim of a crime on or around school premises should report the incident to a Campus Security Authority and appropriate law enforcement agencies as soon as possible.

Campus Security Authorities are defined by the Clery Act as:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Campus Security Authorities at Alliant include the Public Safety Department (San Diego campus), Private Security (see Private Security below), and certain University Officials detailed below.

All Campus Security Authorities including Public Safety officers and private security personnel are not law enforcement officials and do not have arrest authority; therefore, all crimes reported to the Campus Security Authorities will be reported to local police authorities. Once a crime is reported, the institution will note that in the crime log within two (2) days.

The University works closely with the Fresno, Hong Kong, Irvine, Los Angeles, Mexico City, Sacramento, San Diego, San Francisco, and Tokyo Police Departments and refers criminal incidents to local authorities who have jurisdiction on campus. The University has not entered into a formal memorandum of understanding with state or local law enforcement authorities.

### San Diego Public Safety Department

The University Public Safety Department is on duty at the San Diego Campus 24 hours a day, seven days a week, 365 days a year. University Public Safety officers are empowered to enforce University security provisions and have received public safety training. University Public Safety officers have the authority to ask persons for identification and to determine whether individuals have lawful business at the University. In addition, they have the authority to issue parking tickets for parking violations on University property. The officers carry a baton and pepper spray.

University Public Safety officers respond to all reported security and safety issues as promptly as possible and if the officer or complainant requires local police assistance, the Public Safety Department notifies the City of San Diego Police Department. Campus public safety officers have no formal arrest authority. City, county, or state law enforcement officers make arrests, if necessary. Public Safety personnel will cooperate with all federal, state, and local police agencies in all investigations and law enforcement

### Private Security

In Fresno, Irvine, Hong Kong, Los Angeles, Mexico City, Sacramento, San Francisco and Tokyo, Alliant utilizes private security companies to ensure the safety of our students, faculty, staff and campus guests.

### Responsibilities of Campus Security Authorities

Campus Security Authorities are responsible for reporting allegations of Clery Act crimes that they receive to Campus Directors. Campus Security Authorities are not responsible for investigations reporting incidents that are not reported or that they learn about in an otherwise indirect manner. They are not responsible for determining authoritatively if a crime took place.

## Reporting Crimes and Emergencies

It is important for students, as well as other members of the campus community, to take responsibility for their own safety and well- being. The University strongly encourages students to take steps to ensure the safety and security of their belongings, themselves, and others by engaging in the accurate and prompt reporting of all crimes to Campus Security Authorities and the appropriate police agencies. If a victim is unable to make a report, others in the University community are encouraged to do so on their behalf.

### How to Report a Crime, Emergency Situation or Violation of Alliant Policies

1. If the crime or emergency situation appears to be immediately life or public safety threatening, call the police directly at 911. Otherwise, contact a designated Campus Security Authority at your campus.

2. Provide Public Safety, a Campus Security Authority and/or police a clear and distinct description of the incident, who was involved, where it took place, when it took place and, if you know, how or why it occurred. Be as specific as possible and, if possible, give your own name and those of other witnesses.

4. All Alliant employees who are told about the commission or probable commission of one of the serious crimes outlined in the statistics section of this Annual Report must report specific information to the Public Safety Department or to the Campus Director.

5. You may request to remain anonymous when reporting a crime, but confidentiality is not guaranteed.

6. Reports concerning campus crimes become part of the official crime statistics for Alliant which are then published in accordance with the Campus Security Act by the Vice President of Student Services in coordination with the University's Public Safety Department.

### Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action, you can still make a confidential report to the school. The University can file a report on the details of the incident without revealing your identity. In such circumstances, crime victims are encouraged to make a confidential report to one of the designated Campus Security Authorities. At a minimum, crime victims can receive counseling and referral information. Confidential reports help serve the future safety of our campus communities.

The University neither employs professional counselors or pastoral (faith- based) counselors for use by students, faculty or staff nor follows a policy that encourages pastoral counselors and professional counselors to inform the persons whom they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. Prior to May 2017, the University employed professional counselors at the Counseling and Psychological Support Center and did utilize a policy that encouraged to inform the persons whom they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Alliant does not recognize any student organizations with non-campus housing facilities nor does it monitor and record through local police criminal activity by students at non-campus locations of student organizations.

## Timely Warnings and Emergency Notifications

### Timely Warning Reports to the Campus Community

Timely Warning Reports regarding campus crimes or incidents will be published on short notice if there is a threat or continuing danger to the Alliant community. If any crime in the reported categories is reported to a Campus Security Authority, or to local police officials, and is considered to be a continued threat to the community, the University will report this information to students in a timely manner. The person responsible for reporting these types of threat possibilities is the Vice President of Student Services (or designee).

Warnings may be distributed in several ways, including posting on Alliant's intranet, by email, orally, through signage, via the Alliant Emergency Communication System (AECS) or other appropriate means.

### Alliant Emergency Communication System

During a significant emergency or dangerous set of circumstances involving an immediate threat to the health or safety of students, faculty, or employees on campus, the University will use without delay its Alliant Emergency Communication System (AECS) to inform members of the University community, as well as provide other notifications, such as telephone calls, building alarms, or both.

Through the AECS, notifications are sent by email to any outside email address or by text message to a cell phone. Students are automatically registered for the AECS, although information regarding opting out is

available in the my.Alliant student portal and Student Services office. All faculty and staff of Alliant should regularly update personal emergency contact information at the Emergency Contact Update link on the my.Alliant portal.

The University Executive Leadership Team is responsible for confirming if an emergency or dangerous situation exists, determining the level of emergency on campus, and whether circumstances warrant the use of the AECS. In this vein, the University will take into account the safety of the campus community and determine whether issuing a notification would (in their professional judgment) compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

If events warrant an emergency notification, the Vice President of Student Services (or designee) will develop the content of the communication, determine the appropriate segment or segments of the campus community to receive a notification, and initiate the use of the AECS. Upon receiving information that an emergency exists, the Vice President for Student Services (or designee), the Director of Facilities, and Campus Director or designee has the authority to send out emergency messages to each Alliant campus location.

If necessary, notification will also be sent to the local community through press releases, or social media, or both.

In addition to Alliant Emergency Communication System, the campus has additional methods and processes to distribute emergency information:

- Email
- Voicemail
- Telephone trees/Emergency Cell Phones
- Internet website/Campus homepage

## Emergency Response and Evacuation Procedures

Alliant University conducts various emergency evacuation and response drills on an annual basis including field exercises and emergency notification systems tests. These drills may be scheduled and announced or unannounced. These exercises are designed to assess and evaluate the emergency plans and capabilities of the University.

During the drill, occupants practice drill procedures and familiarize themselves with the location of exits, the evacuation route, designated assembly locations and the sound of the fire alarm. Students, faculty, and staff receive advance notice, including date and time of the evacuation drills. In conjunction with scheduled drills, the University sends an email notification regarding the drill, which includes information on the evacuation procedures.

Drills are coordinated through the department of Public Safety/Facilities Management for Alliant buildings, who also maintain the documentation of the evacuation and response drills and any noted areas of future improvement. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of the fire alarm system components or any other tool used during emergency situations.

For each drill, the University documents a description of the drill, the date and time of the drill, and whether it was announced or unannounced. Recommendations for improvements are also submitted to the appropriate department/offices for consideration.

The following guidance regarding campus evacuations was provided to the University community via the Emergency Plan for each campus on the my. Alliant portal:

Means of escape should be made by the quickest and safest routes. Staff and students should be made aware of the escape routes available from buildings in which they work, study or reside, including alternative routes not normal used. Safety of life must take precedence over the saving of property. However, attacking a fire may in some cases control it and thereby assist in the escape of other persons.

All doors and escape routes from rooms or buildings, which afford a means of escape from the room or building, even though not regularly used, must at all times that the room or building is occupied, be unlocked and available for emergency exit in case of an emergency. Such doors and escape routes must be kept free from obstruction to their full width, to enable their use by the occupants of the buildings.

Make your way out of the building—use the safest and quickest route. (use the stairs….DO NOT USE THE ELEVATOR)

DO NOT PANIC or make unnecessary noise.

DO NOT RUN OR PUSH past other persons.

Check to see that everyone is out of the buildings (help those who are physically impaired).

## Campus Security Features and Awareness Programs

Alliant University informs students, faculty, and staff throughout the year regarding various programs and opportunities to learn about campus security procedures and practices. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of the shared responsibility for the safety and security of the University community.

Crime prevention information is posted on campus bulletin boards, hosted on the my. Alliant Public Safety webpage, and provided at presentations offered throughout the year including New Student Orientation, University Update, periodic University wide announcements, and to students, faculty, and staff as requested. The Director of Facilities and Student Services maintain documentation of educational programming and safety updates.

Safety information is also disseminated in the following ways:

- Safety information, policies and procedures included in the Academic Catalog
- Safety information included in the Alliant Employee Handbook.

### Risk Reduction and Safety Tips for Alliant Community Members

The following guidance is provided to students, faculty, and staff regarding safety tips:

- Be aware of your surroundings at all times; pay attention to what other people are doing.
- Familiarize yourself with the University's policies and procedures including the Sexual Assault/Harassment Policy, Alcohol Use Policy, Drug and Alcohol Abuse Prevention Information and

other information located in the Academic Catalog. The Academic Catalog is publicly available on the Alliant website at www.alliant.edu and is available upon request from the Campus Director.

- Attend security awareness programs sponsored by Alliant throughout the year.
- Alliant's Public Safety Department/Campus Security Officer locks classroom buildings nightly after classes. Student centers are open while student workers are present.
- Notify the Public Safety Department/Campus Security Officer immediately if you observe someone acting suspiciously or see evidence of possible security problems.
- Familiarize yourself with the location of nearby telephones in case of an emergency. Call 911 in an emergency. (If using the San Diego campus phone system, dial 9-911, then call Public Safety at extension 4444.)

Avoid These Risky Behaviors:

- Don't give out copies of your key, or leave your key under a doormat.
- Don't put your address on your key chain.

- If you come home and find the door open or a window broken, don't go in. Instead, go to a neighbor's home to call for help.
- Don't give personal information to strangers on the telephone, in person, or on the Internet.
- Don't keep large sums of money or expensive valuables at home. Get a bank account or a security deposit box.
- Don't open your door to strangers. Look through the peephole or ask for the identity of callers before you open the door.
- Don't take shortcuts.
- Don't walk in poorly lighted areas.
- Don't accept rides with strangers.

The University prohibits employees, students and visitors from bringing unauthorized firearms or other weapons onto University premises. Compliance with this policy will be strictly enforced and violations will be dealt with in accordance with the appropriate faculty or student disciplinary policy and procedure, and sanctions will be enforced up to and including termination of employment or removal from Alliant International University's academic programs.

### Smoke Free Buildings Policy

Smoking & tobacco use (to include cigarettes, e-cigarettes, cigars, pipes, hookahs, chewing tobacco, and related products) is prohibited at all times on or in any Alliant International University owned or leased property or facility, either indoors or outdoors (including vehicles on campus). For the purpose of this policy: "Smoking" means smoking any substance, including but not limited to tobacco, cloves or marijuana. Smoking products include, but are not limited to, all cigarette products (cigarettes, cigars, hookahs, pipes, etc.). Tobacco product means any substance containing tobacco leaf, including but not limited to cigarettes, cigars, pipe tobacco, snuff, e-cigarettes, chewing tobacco, dipping tobacco, or any other preparation of tobacco, whether or not such product is smoke producing. Note: Prior to September 2016, the University permitted smoking in designated smoking areas on campus.

### Workplace Violence Policy

Alliant International University strives to provide a workplace free from violence and threats of violence. The University finds violence and threats of violence totally unacceptable to this working/learning environment. It is the University's policy to help prevent incidents of violence from occurring in the workplace and learning environment. Alliant International University expressly prohibits and will not tolerate any acts or threats of violence by any University employee, student, or visitor, or by any former University employee, student or visitor against any other employee or former employee, student or visitor, whether on Alliant International University premises or elsewhere, at any time. Also, Alliant International University does not condone any acts or threats of violence against University employees, students or visitors on University premises at any time or while they are engaged in business with or on behalf of the University, on or off University premises.

The University will take reasonable steps to prevent any acts or threats of violence from occurring, and will take prompt remedial action, up to and including removal from the premises by law enforcement and prosecution to the full extent of the law of any offending individual who engages in any threatening behavior or acts of violence, or who uses obscene, abusive, or threatening language or gestures.

## Campus Alcohol and Drug Policies

Alliant's policies are covered in greater depth in the Academic Catalog, the Alliant Staff Handbook, Faculty Handbook, the Drug-Free School and Workplace Policy, and in the Annual Drug Free Workplace Program memorandum distributed to all faculty and staff. The following points are repeated for emphasis:

- No one under the legal drinking age of 21 may possess, consume, or sell alcoholic beverages on campus. Anyone doing so, or anyone supplying alcohol to an underage person, will face disciplinary charges and possible criminal charges.
- The sale or possession of illegal drugs is not only a violation of University policy, but also violates federal laws. The University will support police agencies which enforce these laws through executing search warrants and arresting violators of the law on the campuses.
- The University actively reviews and adjudicates all cases where drug and/or alcohol misuse is alleged and takes appropriate follow-up measures through its internal disciplinary system and/or referral to counseling services.

## State and Federal Laws Regarding Alcohol and Other Drugs

### California Laws Regarding Alcohol

The following California laws regarding alcoholic beverages are abbreviated for general use and may not cover all situations. It is the responsibility of the server or consumer of alcoholic beverages to be aware of, and abide by, all laws.

- The possession, transportation, and/or consumption of alcohol by individuals under 21 years of age is strictly prohibited.
- A police officer can take the license from any driver suspected of driving under the influence of alcohol and drugs who refuses to take a blood alcohol test.
- State law prohibits the solicitation, procurement, sale or manufacture of narcotics or controlled substances except as expressly permitted by law.

- Applicable legal sanctions for the unlawful distribution of alcohol and illicit drugs range from probation, diversion, imprisonment in the county jail for less than one year, to imprisonment in State Prison.

## Drug and Alcohol Abuse and Prevention Programs

Drug and Alcohol programs are coordinated through the collective efforts of Student Services and Human Resources. The goal is to support and promote healthy choices that promote a healthy learning environment.

Primary prevention programs include information during Welcome Week for new students, Residence Hall programming (note: the University ceased offering on-campus housing in August 2016), and additional drug and alcohol abuse and security awareness programs throughout the year including Alcohol Awareness Week sponsored by the Student Government Association and the Psychological and Counseling Services Center (note: the Psychology and Counseling Services center ceased operating at the Alliant San Diego campus in June 2017).

The University maintains a drug/alcohol awareness program to make every effort to ensure that all University students, staff, and faculty are aware of issues regarding drug and alcohol use/abuse including:

1. The policy of the University regarding drug/alcohol-free facilities;
2. The dangers and health risks of drugs and alcohol;
3. The availability of referral agencies for drug/alcohol counseling and rehabilitation; and
4. Disciplinary actions that may result from a violation of this policy.

Administrators will be trained in the enforcement of this policy and ensure the confidentiality of such matters.

Alliant provides several resources on campus for members of the University Community experiencing drug and/or alcohol problems. Students seeking assistance may contact:

- Director of Campus Services (see Campus Security Official contact information)
- Student Assistance Program at (800) 327-0556

Employees seeking assistance may contact Human Resources, or the Employee Assistance Program (800) 634-6433.

University officials may also refer students to these resources. Referrals made as part of the disciplinary process are mandatory for students. Professionals from these offices are available to listen to students with such problems and make a referral if necessary.

Faculty/staff may receive information concerning these programs via Alliant's Annual Drug Free Workplace memorandum and may receive additional information by contacting the Human Resources Department at (858) 635-4509.

## Health Risks Associated with the Abuse of Alcohol

Alcohol consumption can cause several marked changes in behavior. Even low doses can significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also can increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol can cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses can cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol can produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake may produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants may have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than others of becoming alcoholics.

### Voluntary Rehabilitation

The University supports students, staff, and/or faculty who voluntarily seek rehabilitation for drug/alcohol-related problems. A list of resources in your area is included below, which may be accessed for drug education programs as well as for drug rehabilitation programs. Student may also contact the Director of Campus Services for confidential assistance in this matter or for additional local resources in your area. If you choose to avail yourself of a rehabilitation program, you will be provided a leave of absence in accordance with the applicable policy.

If an employee chooses to take advantage of a rehabilitation program, the University will attempt to accommodate him or her with a reasonable leave of absence. Accrued sick leave and vacation benefits may be applied toward this leave but will not continue to accrue once expended. Employees should contact Human Resources to discuss leave, benefit, and compensation issues.

## Sexual Harassment and Misconduct Policy

Alliant International University strives to provide an environment free from sexual misconduct and all forms of sexual harassment.

Title IX is a federal law that prohibits schools from discriminating based on sex/gender. The University strives to meet all the requirements defined by Title IX, the Campus Sexual Violence Elimination (SaVE) Act, the Clery Act and the re-authorized Violence Against Women Act (VAWA). Title IX discrimination includes sexual harassment, sexual misconduct, gender-based harassment, sexual violence, sexual assault, stalking, and intimate partner violence (domestic and dating violence). Alliant prohibits any sexual misconduct or harassment, a form of discrimination based on sex/gender, in addition to the guidelines set forth in the Non-Discrimination policy.

Sexual Harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or other unwanted conduct of a sexual nature. Sexual harassment is conduct that unreasonably interferes with a person's employment or education, interferes with a person's work or educational performance, or creates an environment such that a reasonable person would find the conduct intimidating, hostile, or offensive. Sexual harassment includes sexual violence (see definition below). Sexual violence is a form of sexual harassment prohibited by Title IX/Campus SaVE.

Sexual harassment may occur in hierarchical relationships, between peers, or between individuals of the same sex or opposite sex. To determine whether the reported conduct constitutes sexual harassment, consideration shall be given to the record of the conduct as a whole and to the totality of the circumstances, including the context in which the conduct occurred.

Sexual Misconduct includes but is not limited to sexual harassment and sexual violence, including forcible and non-forcible sex offenses, sexual assault, domestic violence, dating violence, or stalking, as defined below. This behavior is unacceptable in the academic environment and in other University-related settings such as University-sponsored activities or University-related social events. Additional details can be found on our Consumer Information webpage.

The University will not tolerate such conduct on the part of any employee, student, vendor, or other individuals. Compliance with this policy will be strictly enforced and violations will be dealt with in accordance the appropriate faculty or student disciplinary policy and procedure.

Alliant International University finds sexual misconduct totally unacceptable to this working/learning environment. Staff, faculty and administrators are not to engage in sexual relationships with students, whether consensual or otherwise. Supervisors are not to engage in sexual relationships, whether consensual or otherwise, with those staff who report to them, directly or indirectly.

This policy applies to all conduct in any academic, educational, extra-curricular, or other University program and activity, whether those programs and activities occur in University facilities, on or off campus. Accordingly, the University will investigate all Complaints regardless of where the alleged conduct occurs. Should the University become aware that any contractor, vendor, partner, or other affiliate engages in Sexual Misconduct/Harassment appropriate action up to and including termination of the contractual business relationship may occur.

The University will take all reasonable steps necessary to prevent harassment and sexual misconduct. Alliant maintains a program to eliminate sexual and other forms of harassment from its working/learning environment including the provision of supervisory, staff, faculty, and student sexual awareness and prevention training. In compliance with California State law, all University employees and students are given a copy of the Department of Fair Employment and Housing's pamphlet (DFEH-185) entitled "Sexual Harassment: The Facts About Sexual Harassment."

Administrators will support and assist staff, faculty, and students in the pursuit of investigating and remediating problems of harassment or sexual misconduct whenever it occurs. If you are a student or employee who feels you have been subjected to such abuses, you should report all harassment and sexual misconduct complaints (knowing that it will be in confidence and without reprisal or retaliation) to the University Title IX Officer:

Amber Eckert

Vice President of Student Services

10445 Pomerado Road

San Diego, CA 92131

858-635-4535; amber.eckert@alliant.edu

The Title IX Officer is responsible for maintaining records relating to sexual harassment and sexual violence reports, investigations, and resolutions. Records shall be maintained in accordance with University Record Retention Policies. All records pertaining to pending litigation or a request for records shall be maintained in accordance with instructions from University Legal and Compliance.

## Programming, Policies and Procedures Relating to Dating Violence, Domestic Violence, Sexual Assault and Stalking

As required by law and policy, Alliant International University prohibits the crimes of dating violence, domestic violence, sexual assault and stalking.

The following definitions are used for purposes of reporting dating violence, domestic violence, sexual assault and stalking under the Clery Act as amended by VAWA.

Dating Violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. It includes sexual or physical abuse or the threat of such abuse. It does not include acts covered under domestic violence.

Domestic Violence is a crime of violence committed by a current or former spouse or intimate partner of the complainant. Intimate partners refer to relationships between spouses, former spouses, past or present unmarried couples, or persons who are both the parents of the same child regardless of whether the persons have been married or have lived together at any time. Other relationships may fall under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Incapacitation is the physical and/or mental inability to make informed, rational judgments. States of incapacitation include but are not limited to unconsciousness, sleep, and blackouts. Where alcohol or drugs are involved, incapacitation is defined with respect to how the alcohol or other drugs consumed affects a person's decision-making capacity, awareness of consequences, and ability to make fully informed judgments. Being intoxicated by drugs or alcohol does not diminish one's responsibility to obtain consent. The factors to be considered when determining whether consent was given include whether the respondent knew, or whether a reasonable person should have known, that the complainant was incapacitated.

Stalking is behavior in which a person repeatedly engages in conduct directed at a specific person that places that person in reasonable fear of their safety or the safety of others, or that would cause a reasonable person to suffer substantial emotional distress.

Sexual Assault Any person who knowingly inflicts sexual intrusion or sexual penetration on a victim commits sexual assault if:

- It occurs when sexual activity is engaged without the consent of one party or when one party is unable to consent to the activity.

- The activity or conduct may include physical force, violence, threat, or intimidation, ignoring the objections of the other person,
- Causing the other person's intoxication or incapacitation through the use of drugs or alcohol,
- Or taking advantage of the other person's incapacitation (including voluntary intoxication).

Sexual Exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other Sexual Misconduct/Harassment offenses.

Sexual Violence is defined as physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. Several different acts fall into the category of sexual violence, including, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion, domestic violence, dating violence, and/or stalking. Sexual violence can be carried out by University employees, other students, or third parties. All such acts of sexual violence are forms of sex discrimination prohibited by Title IX.

Consent is defined at Alliant International University as an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity. Consent must be informed, voluntary, and given without coercion, force, threats, or intimidation. Consent means positive cooperation in the act or expression of intent to engage in the act pursuant to an exercise of free will.

Consent is revocable. Consent to some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent.

### California Penal Code Definitions

The following definitions reflect California state law and may be different from the federal definitions above. The federal definitions are used for purposes of reporting crime statistics as mandated by the Clery Act as amended by VAWA. It is important to be aware of state law definitions that govern criminal proceedings.

Dating Violence - Included within the definition of domestic violence as set forth in California Penal Code § 13700.

*Domestic Violence California Penal Code Section § 13700 (relevant excerpts)*

(a) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another

(b) "Domestic violence" means abuse committed against an adult or a minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship. For purposes of this subdivision, "cohabitant" means two unrelated adult persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to, (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as spouses, (5) the continuity of the relationship, and (6) the length of the relationship.

Sexual Assault (Defined under the Clery Act to be an offense that meets the definition of rape, fondling, incest, or statutory rape)

*Rape California Penal Code Section § 261 (relevant excerpts)*

(a) Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, "unconscious of the nature of the act" means incapable of resisting because the victim meets any one of the following conditions:

(A) Was unconscious or asleep.

(B) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(C) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(D) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraudulent representation that the sexual penetration served a professional purpose when it served no professional purpose.

(5) Where a person submits under the belief that the person committing the act is someone known to the victim other than the accused, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph, "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) As used in this section, "duress" means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in an act to which one otherwise would not have submitted. The total

circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.

(c) As used in this section, “menace” means any threat, declaration, or act which shows an intention to inflict an injury upon another.

*Fondling (Sexual Battery) California Penal Code Section § 243.4.*

(a) Any person who touches an intimate part of another person while that person is unlawfully restrained by the accused or an accomplice, and if the touching is against the will of the person touched and is for the purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(b) Any person who touches an intimate part of another person who is institutionalized for medical treatment and who is seriously disabled or medically incapacitated, if the touching is against the will of the person touched, and if the touching is for the purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(c) Any person who touches an intimate part of another person for the purpose of sexual arousal, sexual gratification, or sexual abuse, and the victim is at the time unconscious of the nature of the act because the perpetrator fraudulently represented that the touching served a professional purpose, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(d) Any person who, for the purpose of sexual arousal, sexual gratification, or sexual abuse, causes another, against that person’s will while that person is unlawfully restrained either by the accused or an accomplice, or is institutionalized for medical treatment and is seriously disabled or medically incapacitated, to masturbate or touch an intimate part of either of those persons or a third person, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

(e) (1) Any person who touches an intimate part of another person, if the touching is against the will of the person touched, and is for the specific purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of misdemeanor sexual battery, punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail not exceeding six months, or by both that fine and imprisonment. However, if the defendant was an employer and the victim was an employee of the defendant, the misdemeanor sexual battery shall be punishable by a fine not exceeding three thousand dollars ($3,000), by imprisonment in a county jail not exceeding six months, or by both that fine and imprisonment. Notwithstanding any other provision of law, any amount of a fine above two thousand dollars ($2,000) which is collected from a defendant for a violation of this subdivision shall be transmitted to the State Treasury and, upon appropriation by the Legislature, distributed to the Department of Fair Employment and Housing for the purpose of enforcement of the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of

Division 3 of Title 2 of the Government Code), including, but not limited to, laws that proscribe sexual harassment in places of employment. However, in no event shall an amount over two thousand dollars ($2,000) be transmitted to the State Treasury until all fines, including any restitution fines that may have been imposed upon the defendant, have been paid in full.

(2) As used in this subdivision, “touches” means physical contact with another person, whether accomplished directly, through the clothing of the person committing the offense, or through the clothing of the victim.

(3) In addition to any punishment imposed under this section, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates this section with the proceeds of this fine to be used in accordance with Section 1463.23. The court shall, however, take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this subdivision

### *Stalking California Penal Code Section §646.9*

(a) Any person who willfully, maliciously, and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison for two, three, or five years.

(2) Every person who, after having been convicted of a felony under subdivision (a), commits a violation of this section shall be punished by imprisonment in the state prison for two, three, or five years.

(e) For the purposes of this section, “harasses” means engages in a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, torments, or terrorizes the person, and that serves no legitimate purpose.

(f) For the purposes of this section, “course of conduct” means two or more acts occurring over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of “course of conduct.”

(g) For the purposes of this section, “credible threat” means a verbal or written threat, including that performed through the use of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or electronically communicated statements and conduct, made with the intent to place the person that is the target of the threat in reasonable fear for his or her safety or the safety of his or her family, and made with the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her family. It is not necessary to prove that the defendant had the intent to actually carry out the threat. The present incarceration of a person making the threat shall not be a bar to prosecution under this section. Constitutionally protected activity is not included within the meaning of “credible threat.”

(h) For purposes of this section, the term “electronic communication device” includes, but is not limited to, telephones, cellular phones, computers, video recorders, fax machines, or pagers. “Electronic communication” has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

(i) This section shall not apply to conduct that occurs during labor picketing.

(j) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under this section, it shall be a condition of probation that the person participate in counseling, as designated by the court. However, the court, upon a showing of good cause, may find that the counseling requirement shall not be imposed.

(k) (1) The sentencing court also shall consider issuing an order restraining the defendant from any contact with the victim, that may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any restraining order be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim and his or her immediate family.

(2) This protective order may be issued by the court whether the defendant is sentenced to state prison, county jail, or if imposition of sentence is suspended and the defendant is placed on probation.

(l) For purposes of this section, “immediate family” means any spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

(m) The court shall consider whether the defendant would benefit from treatment pursuant to Section 2684. If it is determined to be appropriate, the court shall recommend that the Department of Corrections and Rehabilitation make a certification as provided in Section 2684. Upon the certification, the defendant shall be evaluated and transferred to the appropriate hospital for treatment pursuant to Section 2684.

### Consent

In prosecutions under Section 261, 262, 286, 288a, or 289, in which consent is at issue, “consent” shall be defined to mean positive cooperation in act or attitude pursuant to an exercise of free will. The person must act freely and voluntarily and have knowledge of the nature of the act or transaction involved.

A current or previous dating or marital relationship shall not be sufficient to constitute consent where consent is at issue in a prosecution under Section 261, 262, 286, 288a, or 289.

Nothing in this section shall affect the admissibility of evidence or the burden of proof on the issue of consent.

## Sexual Assault Prevention Programs and Publications

Programs to promote the prevention and awareness of sexual violence, sexual assault, domestic and/or dating violence, stalking, sexual exploitation, and other sexual misconduct offences are provided in order to promote a safe living and learning environment. University sexual assault prevention programs include Residence Hall Orientation, and periodic on-campus/on-line presentations on prevention, awareness, and response. These prevention programs are hosted by the University, or may be in partnership with local building/facilities management, or local community agencies. Resource information is also available in Student Services and on the m.Alliant student portal.

All students, faculty, and staff received notification of the University’s Sexual Misconduct Process through the annual distribution of the Academic Catalog.

### Bystander Intervention Techniques

Bystander intervention is when someone chooses to take action when witnessing an uncomfortable situation. It encompasses safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking.

- Direct – You can be direct when confronting a situation where someone else is being harmed or at risk of being harmed. In the case of witnessing a fight, the direct approach might involve asking the students who were fighting if everything is alright, or asking the other students in the room if they are as uncomfortable with the situation as you were

- Distract – In a situation that involves more than one person, you can also distract one or both people involved. In a fight, this can allow people to cool off, and in cases of sexual violence, it can create an opportunity for the potential victim to get away. The goal of distraction is to interrupt the harmful behavior, not necessarily to confront it.

- Delegate – You can delegate the task by looking for people to back you up when it’s time to intervene. Depending on the situation, that could mean asking for help from fellow party goers when you witness a fight

or see sexual violence. Delegating is great because it can create a shared sense of responsibility among community members.

- Delay – If the first 3 Ds don't work for you or your situation, you can also use a delayed response, such as following up and asking if someone is okay after the fact. The important thing is to show you fellow students that you care and are there to support them

### Notice Pursuant to the Campus Sex Crimes Prevention Act (CSCPA)

In accordance with the Campus Sex Crimes Prevention Act (CSCPA), California's Megan's Law and in conjunction with the police department jurisdictions in which Alliant's California campuses are located, this policy will be the guiding factor in notifying the Alliant International University community of registered sex offenders associated with the University.

All persons required to register with a local law enforcement agency as a sex offender, according to California Penal Code 290, who enroll in class, work, or make deliveries or work on the Alliant International University campus 30 days or more in one year, must register at the relevant Police Department as being associated with Alliant International University.

The police department will evaluate the classification of the offender according to California's Megan's Law. If the offender fits into a category of a High-Risk Sex Offender or Serious Sex Offender, the police department is supposed to inform the University of the registration.

Per CSCPA and California's Megan's Law, Alliant International University will then notify the campus community of the sex offender's registration. This notification will include the name of the offender, and may include a photo and a summary of the offender and prior convictions. Alliant International University will make an effort to contact and inform the offender of the intent to notify the community before notification is made. Notification to the community may be made by using copies of flyers supplied by the police department, flyers developed by the University, campus wide email, flyers in campus mailboxes, or establishing a web page on Alliant's intranet.

The purpose of the notification is not to cause undue hardship to a student seeking an education at Alliant International University or to create a hostile work environment. The purpose of this policy is to keep the University community informed for their safety, and to comply with local and federal law.

Any member of the Alliant International University community who wishes to obtain further information regarding sexual offender/predators in the area of our campuses may refer to the State of California Attorney General website at:

www.meganslaw.ca.gov

## Procedures victims should follow if a crime of Dating Violence, Domestic Violence, Sexual Assault or Stalking has occurred

### Resources for Victims of Sexual Assault

1. Students who have been sexually assaulted should call 911 immediately (call 9-911 from a campus phone if not using a direct outside line.)

2. Do not douche, change clothes, shower, or do anything to change your appearance and do not disturb the physical surroundings in which the assault took place. If you do, you may destroy evidence (seminal fluid, hair, clothing fibers, etc.) that the police and prosecutor need to arrest and convict your attacker. This evidence may also be helpful in obtaining a protection order.

3. If the assault occurs on University property, it should also be reported to the Public Safety Department, the Vice President for Student Affairs Services (or designee) and the Campus Director, to help safeguard other residents and members of the campus community. A victim who reports a crime may request anonymity to the extent practicable and permitted by local law. University personnel will help the student contact local police authorities in the event the student has not done so already, if the student wishes to do so.

### Campus Resources

The following people are available to help you cope if you become the victim of a sexual assault.

### Making a Report

Alliant University community members who have experienced sexual misconduct or are aware of incidents of sexual misconduct experienced by other University members should make an immediate report to the University Title IX Officer. A complainant is not required to report to law enforcement to receive assistance from Alliant. University personnel will help the student contact local police authorities in the event the student has not done so already, if the student wishes to do so.

If a report is made, University personnel will inform students and employees in writing of procedures that victims should follow, including:

- A description of the rights and options available to the victim;
- The importance of preservation of any evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order;
- Options regarding the assistance of local law enforcement, campus/site officials;
- The option to decline assistance, or decline notifying local law enforcement;
- Options for, and available assistance in making changes to academic, living, transportation, and working situations;
- Any interim protective measures that will be taken and their options for protective
- orders; and
- Resources, both within the University and in the community, including counseling, health, and mental health services, legal, visa and immigration, student financial aid, disability services, housing assistance, academic supports, and victims advocacy resources, both within the institution and in the community.

The Title IX Officer (or designee) is responsible for investigating complaints of Gender Discrimination, Harassment and Retaliation, including Sex Discrimination and Sexual Harassment, as well as complaints of Sexual Misconduct, Domestic and Dating Violence, and Stalking.

## Confidentiality of Reports of Sexual Misconduct/Harassment

### Confidential Resources

Confidentiality is limited to counselors and psychologists in the employee assistance program (EAP) and student assistance program (SAP). Because content of discussions with confidential resources is not reported to an office of record, such discussions do not serve as notice to the University to address the alleged discrimination or sexual misconduct.

Individuals reporting incidents of Sexual Misconduct/Harassment may ask that the individual(s) name(s) not be disclosed or that no investigation or disciplinary action be pursued to address the alleged Sexual Misconduct/Harassment. The University supports a student's interest in confidentiality in cases involving Sexual Misconduct/Harassment.

The Title IX Officer attempts to balance the needs of the parties for privacy with the institutional responsibility of ensuring a safe educational environment and workplace. Confidentiality is an aspiration, but is not always possible or appropriate. An individual's requests regarding the confidentiality of reports of discrimination or sexual misconduct will be considered in determining an appropriate response; however, such requests will be considered in the dual contexts of the University's legal obligation to ensure a working and learning environment that is free from discrimination or sexual misconduct and the due process rights of the accused to be informed of the allegations and their source. Some level of disclosure may be necessary to ensure a complete and fair investigation.

Alliant will inform an individual requesting confidentiality when complying with a confidentiality request may limit the University's ability to respond to the complaint. The University will consider a complainant's request for confidentiality alongside its institutional responsibility to provide a reasonably safe and non-discriminatory environment.

The University will maintain as confidential any accommodation or protective measure provided to the complainant, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the accommodations or protective measures.

When situations arise in which the University must override a complainant's request for confidentiality to meet its Title IX obligations, the following factors will be considered in making this determination:

1. Have there been other complaints of sexual harassment/misconduct against the alleged perpetrator?

2. Does the alleged perpetrator have a history of arrests or records from a prior school indicating a history of harassment/misconduct?

3. Has the alleged perpetrator threatened further sexual harassment/misconduct against the complainant, or others?

4. Was the harassment/misconduct perpetrated by multiple individuals?

5. Does the report of harassment/misconduct reveal a pattern of perpetration at a given location or by a particular group?

6. Was a weapon involved?

7. Are there other means of obtaining relevant information?

These instances will be limited and the information will only be shared with individuals who are responsible for handling the University's response to incidents of Sexual Misconduct/Harassment. Even if a student does not specifically ask for confidentiality, to the extent possible, the University will only disclose information regarding alleged incidents of Sexual Misconduct/Harassment to individuals who are responsible for handling the University's response. The University will notify students of the information that will be disclosed, to whom it will be disclosed, and why. Regardless of whether student complainant requests confidentiality, the University will take steps to protect the complainant as necessary. The University Title IX Coordinator is responsible for maintaining all related records relating to reports and investigations of this nature.

The University does not publish the name of victims/survivors or other identifiable information regarding victims/survivors in the Daily Crime Log or in the crime statistics that are disclosed in the Annual Security and Fire Safety Report. Furthermore, if a Timely Warning is issued on the basis of a report of dating violence, domestic violence, sexual assault or stalking, the name of the victim/survivor and other personally identifiable information about the complainant will be withheld

### Retaliation

This policy also prohibits retaliation against a person who reports Sexual Misconduct/Harassment, assists someone with a report of Sexual Misconduct/Harassment, or participates in any manner in an investigation or resolution of a Sexual Misconduct/Harassment report. Retaliation includes threats, intimidation, reprisals, and/or adverse actions related to employment or education.

### Orders of Protection/No Contact

Alliant International University encourages reporting parties of sexual misconduct to make a formal report to the appropriate local law enforcement authorities for the purpose of filing a criminal complaint and/or seeking and enforcing a no contact, restraining or similar Court Order and has the right to be assisted by the University in exercising this option. The Title IX Officer can assist individuals with referrals to resources for obtaining an ex parte order of protection.

Members of the Alliant University community who receive a lawful order of protection should provide a copy to the Campus Director. The University also suggests that individuals with orders of protection meet with the Campus Director to develop a Safety Action Plan – a plan intended to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to, escorts and special parking arrangements.

In addition to orders of protection issued by the courts, Alliant University may impose a University- based no contact directive. A University-based no contact directive prohibits an individual from contacting a specific person or specific people until rescinded. Contact includes, but is not limited to: in person, by phone, text messaging, social media, by third person, etc. The Vice President of Student Services (or designee), or the Campus Director may issue a no contact directive.

## Investigating the Complaint

Upon receiving notice of a possible violation of the Sexual Misconduct/Harassment policy, the University will take immediate and appropriate steps to:

- End the behavior and identify specific corrective measures to remediate, and prevent sex discrimination including sexual harassment and other sexual misconduct
- Conduct a prompt, fair and impartial investigation
- Remedy the effects, and
- Prevent it from reoccurring

In some circumstances, investigation and disposition of complaints may be referred to other offices or processes within the University, such as University Human Resources, Provost's Office or Student Code of Conduct, however, ultimate oversight remains with the Title IX Officer to coordinate and ensure the University's compliance with Title IX.

To assure University- wide compliance with this policy and with federal and state law, the University Title IX Officer must be advised of all reported incidents of discrimination or sexual misconduct and their resolution, regardless of where the complaint is brought, investigated, or resolved. The University Title IX Officer will monitor and coordinate the resolution of complaints by other offices with concurrent jurisdiction over Title IX discrimination or sexual misconduct.

In response to reports of discrimination or sexual misconduct in cases where the complainant does not wish to engage in informal resolution, where informal resolution is not appropriate, or in cases where attempts at informal resolution are unsuccessful, the University Title IX Officer may conduct a formal investigation. In such cases, the individual making the report shall be encouraged to file a written complaint. As necessary, the University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the victim.

In cases where there is no written complaint, such as situations that involve a third party complainant, the University Title IX Officer may initiate an investigation after making a preliminary inquiry into the facts, and will inform the person(s) who were allegedly harmed by discrimination or sexual misconduct of the decision to initiate an investigation.

## Investigation Process

The University Title IX Officer is the designated individual to conduct formal investigation of allegations of discrimination or sexual misconduct, and to coordinate University response(s) to complaints of the same. The Title IX Officer may designate a Title IX Coordinator to conduct the investigation.

The Title IX Officer  in charge of conducting the investigation shall receive a minimum of annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct the investigation and hearing process that protects the safety of victims and promotes accountability.

The individual(s) accused of conduct violating the University policy prohibiting sexual misconduct shall be provided a copy of the written complaint or otherwise informed of the substance of the allegations. If the individual(s) accused cannot be located, attempts at notification shall be documented.

The investigation generally shall include interviews with the parties if available, interviews with other witnesses as needed and a review of relevant documents as appropriate. Disclosure of facts to witnesses shall be limited to what is reasonably necessary to conduct a fair and thorough investigation. Participants in an investigation shall be advised that maintaining confidentiality is essential to protect the integrity of the investigation and will be advised to refrain from discussing the pending investigation.

At any time during the investigation, the investigator may recommend that interim protections or remedies for the complainant or witnesses be provided by appropriate University officials. The University may recommend short term, or interim, protections or remedies. These remedial actions may include, but are not limited to, making the complainant aware of their rights, resources and support services, issuance of No Contact orders to separate or limit contact between the parties, modification of extracurricular, working or course schedules, assignments or tests, increased monitoring, supervising, or security at applicable locations or activities, and/or interim suspension(s) pending investigation. These remedies or protections may apply in ground or online contexts. Failure to comply with the terms of interim protections may be considered a separate violation of the policy prohibiting sexual misconduct.

The investigation shall be completed as promptly as possible and in most cases within 60 working days of the date the written complaint was received. In the event that an investigation cannot be completed within 60 days, the parties shall be notified in writing.

Generally, an investigation will result in a written report that, at a minimum, includes a statement of the allegations and issues, a summary of the information considered, findings of fact, and a determination by the investigator as to whether University policy has been violated. The standard of evidence in these cases is preponderance of the evidence. Preponderance of the evidence means that it is “more likely than not” that the respondent is responsible for the charged violation.

For allegations of discrimination or harassing behavior, there are two possible findings:

- Substantiated: It is more likely than not that the allegation is true
- Unsubstantiated: It is not possible to determine whether the allegation is true or untrue. There is insufficient evidence to prove or disprove that the allegation is true.

No person shall make an allegation that he or she knows to be untrue or knowingly provide false information during the course of an investigation. Making a false complaint or giving false information is a violation of this policy and may be a basis for discipline, including expulsion or termination. Evidence of false complaints or false information shall be referred by the University Title IX Officer to the appropriate University processes.

The report also may contain recommendation for actions to resolve the complaint, including but not limited to educational programs, counseling/coaching, mediation, remedies for the complainant, and a referral to disciplinary procedures, as appropriate. The report may be used as evidence in other related procedures, such as subsequent complaints, grievances and/or disciplinary actions. If there is a finding of a policy violation, the University will refer the matter to the appropriate office for consideration of disciplinary action against the respondent.

### Notification of Investigation Findings

The complainant and the respondent shall be informed in writing of the completion of the investigation and the outcome of the investigation. The complainant shall be informed of the findings and of actions taken or

recommended to resolve the complaint, if any, that are directly related to the complainant, such as a recommendation that the respondent not contact the complainant. If the alleged complainant is deceased as a result of such crime or offence, the next of kin of such complainant shall be treated as the alleged complainant for purposes of this notice.

The respondent shall be informed of the findings and of actions taken or recommended to resolve the complaint and shall be notified generally of referrals for disciplinary action and recommended disciplinary action.

Complainant and respondent(s) may request a copy of the investigative report pursuant to University policy governing privacy and access to personal information.

Copies of the investigative report will be limited to those University administrators, academic leaders, and supervisors who are directly responsible for implementing measures to correct and prevent discriminatory or harassing conditions.

Regardless of the method of resolution or the outcome, Complainant is at all times free to pursue a complaint with the Equal Employment Opportunity Commission, the California Civil Rights Commission, the United States Department of Education (Office for Civil Rights), the United States Department of Labor (Office of Federal Contract Compliance Programs), or by consulting a labor/employment attorney at her or his own expense.

### Investigation Findings Appeal

If the complainant and/or the respondent(s) disagree with the findings, in part or in totality, either the complainant or the respondent may appeal the finding in part or in totality on the following bases:

- An appeal must be based upon one or more of the following conditions:
- Consideration of new evidence, which was unavailable during the original investigation that could be outcome determinative. A summary of this new evidence and its potential impact must be included;
- Lack of substantial evidence to find the respondent responsible by a preponderance of the evidence
- Bias by the investigator, or the Title IX Officer, which deprived the process of impartiality in a way that was outcome determinative.
- Errors in interpretation or implementation of procedures were so significant as to effectively deny the respondent a fair hearing;

The respondent and/or complainant have five (5) business days, barring documented unforeseen circumstances from the date of communication of findings, to present the formal appeal, in writing, to the University Provost, Dr. Tracy Heller.

Dr. Tracy Heller

10455 Pomerado Road

San Diego, CA 92131

Tracy.heller@alliant.edu

The written appeal must state the basis for appeal and provide sufficient information that supports the grounds for appeal.

The Provost will review all cases presented for appeal within five (5) business days of the appeal, barring documented unforeseen circumstances, to determine if the presented grounds for appeal and supporting information will be accepted or rejected. If the appeal does not meet the stated grounds for appeal, the appeal will be rejected. The Provost, within two (2) business days of the determination, barring documented unforeseen circumstances, simultaneously and in writing, inform the complainant and the respondent the appeal decision.

If the Provost determines there is sufficient evidence to support an appeal, the matter will return to the Title IX Officer for further investigation unless the appeal alleges bias of the investigator which deprived the process of impartiality in a way that was outcome determinative or an assertion that the evidence was insufficient to meet the preponderance of the evidence standard.

In those cases, the appeal will remain with the Provost or her designee for review and final decision. The appeal investigation will be completed within fourteen (14) calendar days of submission to the Provost barring documented unforeseen circumstances that may extend the appeal review.

The Provost will communicate the appeal findings simultaneously and in writing to the complainant and the respondent. Additionally, the Provost will consult with the Title IX Officer Coordinator to consider the reversal of any remedial actions taken.

### Procedures for Campus Disciplinary Action

Alliant is dedicated to providing a timely and appropriate response to complaints of sexual assault which recognizes that certain due process regulations be followed within the Student Code of Conduct. Specific process elements include:

- Both parties have the right to present evidence or witnesses, and both parties have the opportunity to have immediate members of their family and/or an advisor present at the hearing. The University will not limit the choice of advisor. The advisor is only present to support the student. The advisor will not represent the student, speak on behalf of the student, or play an active role of any kind in any meeting or the disciplinary process.
- Respondent students will be afforded an opportunity to hear all testimony against them.
- The respondent and the complainant will be informed simultaneously, in writing, of the final determination of the disciplinary proceeding.
- In the case of an affirmative finding of sexual assault, the accused student may expect serious punishment, including the possibility of dismissal from the University.

### Sanctions

Not all forms of gender based misconduct will be deemed to be equally serious offenses, and the University will assign sanctions that are appropriate to the violation, taking into consideration the context and seriousness of the violation Any student found responsible for violating this will receive a sanction in accordance with the Student Code of Conduct and/or offender history.

The following disciplinary sanctions comprise a range of official action, which may be imposed for violation of regulations. One or more sanctions may be imposed. Additionally, students who violate federal, state, or local laws also may be referred to the criminal justice system for prosecution.

Disciplinary Warning

This written action is taken when the individual's conduct or involvement merits an official admonition. The student is warned that further misconduct may result in more severe disciplinary action.

Disciplinary Probation

Probation Level I: A form of reprimand that is fitting for the type of violation or repeated violations as designated for a certain period of time by the hearing officer. The student may, if it is deemed appropriate, represent the University in activities and hold office in student organizations during the time stipulated as probationary. The student is notified that further infractions of any University regulation may result in more stringent restriction being placed on his/her actions.

Probation Level II: The most serious level of disciplinary sanctions, short of suspension from the University. The student remains enrolled at the University under circumstances defined by the hearing officer. The student may not represent the University in any official capacity or hold office in any student organizations. Not representing the University in an official capacity includes not participating in recognized student organizations or exercising any officially recognized responsibility as related to campus employment. The student is, however, still considered to be in Good Standing academically. This probation level indicates to the student that further violations of any University regulations will result in more stringent disciplinary action, including but not limited to, suspension or dismissal from the University. Additional restrictions may be placed on the student while on Level II probation, such as loss of privileges or restriction from campus events and activities.

Interim Suspension

The Vice President of Student Services may suspend a student for an interim period pending full disciplinary proceedings whenever there is evidence that the continued presence of the student on the campus poses a substantial threat to the safety or well-being of any person or persons, University property, or the property of others. An interim suspension may become effective immediately without prior notice. A student suspended on an interim basis will be given an opportunity to appear personally before a hearing officer within 10 or fewer calendar days from the effective date of the interim suspension.

During an interim suspension, the student will be barred from all or part of the University's premises. Any student under interim suspension who returns to the portion of campus from which he/she is barred without written permission from the Vice President of Student Affairs Policy Assurance will be subject to dismissal from the University and arrest for trespassing.

Suspension

This sanction is one of involuntary separation of the student from the University for a designated period of time. After this period of time, the student is eligible to return. The Vice President of Student Services/or designee may establish additional requirements, which must be fulfilled to his/her satisfaction, prior to reinstatement. Permanent notation of suspension will appear on the student's transcript and academic history. The student shall not participate in any University-sponsored activity and may be barred from University premises during suspension.

Conduct Dismissal

This sanction by the Vice President of Student Services/or designee is one of involuntary and permanent separation from the University. Notice of permanent dismissal will appear on the student's academic history and transcript. The student will also be barred from University activities and premises.

Good Standing

A student is not considered to be in good standing for purposes of admission to the University while under a sanction of suspension or expulsion, or while his or her admission or re-admission has been qualified.

Administrative Hold and Withholding a Degree

The University may place an administrative hold on registration transactions and release of records and transcripts of a student who has been sent written notice of a pending investigation or disciplinary case concerning that student, and may withhold awarding a degree otherwise earned until the completion of the process set forth herein, including the completion of all sanctions imposed.

Any employee found responsible for violating this policy will receive a sanction in accordance with Employee Handbook/Faculty Handbook procedures.

Any third party (visitor, guest, contractor, subcontractor, vendor, partner, or business affiliate) found responsible for violating this Policy will receive a sanction ranging from a written warning to being banned from any University property, activities, and/or programs.

### Other Discrimination Incidents

It is University policy that all persons should enjoy freedom from unlawful discrimination of any kind, including harassment or retaliation for reporting a complaint (see Non-Discrimination policy). This policy prohibits discrimination between members of the University community, including between students and between employees and students.

All other incidents, including non-harassment, misconduct, or any other consideration made unlawful by federal, state, or local laws, should contact the compliance officers listed in the Non-Discrimination policy who are available to help students resolve issues. The University encourages discussion between the parties directly involved in any complaint, especially in the early stages of a dispute before the respective parties have assumed positions which may polarize the dispute and render a solution more difficult. In any event, students have the right to file a formal written grievance, either initially or if informal resolution is not possible.

## Campus Fire Safety and Right to Know Disclosures

The Campus Fire Safety Right-to Know Act requires colleges and universities to disclose certain fire safety information for each campus with on-campus student housing facilities. The Fresno, Hong Kong, Irvine, Los Angeles, Mexico City, Sacramento, San Francisco, and Tokyo campuses have never provided student housing.

Alliant International University ceased offering on-campus housing effective August 2016. When it offered on-campus housing, the University utilized the following fire safety policies and procedures policy for students who resided in on-campus housing.

Residential Students were provided the following information about Items allowed and not Allowed in the Residence Facilities:

**Cooking/Appliances:** No cooking or use of hot pots, ovens, or non-University heaters is allowed where there is an external heating element. Coffee pots with self-contained heating units, coffee makers, popcorn poppers and small microwaves are permitted. Small refrigerators (under 4.0 cubic feet) are allowed. Barbecues are only allowed on the concrete areas surrounding the pools and cannot use propane heating. After a barbecue, residents must clean the area and dispose of the charcoal in a safe and clean manner. No charcoal, propane, or other flammable materials are allowed to be stored in dorm rooms due to fire safety reasons; any violation of these provisions can qualify as a Candle, Incense, & Open Flame Policy violation. Clean grills can be stored in dorm rooms, but without propane or charcoal. All violations of this policy may result in confiscation of offending items that are a fire hazard and may not be returned.

**Smoking:** Smoking of any kind is prohibited in residence hall rooms, including, but not limited to cigarettes, cigars, hookah, electronic cigarettes, etc. Smoking is only permitted in designated outdoor smoking areas on campus. Residents found to be in violation of the smoking policy are subject to a fine of $250 and associated room cleaning fees.

**Candle, Incense, & Open Flame Policy:** No candle, incense, halogen lamps, or any item which can fuel an open flame-can burn or smolder are permitted. These items will be confiscated if found and at least a $25 fine can be given. If candles have clearly been left unburned (e.g., no wax has eroded and the wick is still white and untouched), then it will be confiscated and a warning will be given the first time. After a warning is issued for unburned candles, the regular fine will be implemented if further violations of this policy occur.

## Fire Log

The University Public Safety office maintained a fire log documenting any fire that occurred in an on- campus student housing facility. The log included the nature, date, time, and general location of the fire. The log was available to the public during normal business hours. Any portion of the log older than 60 days was to be made available within two business days of a request for public inspection.

## Fire Safety

### Testing Emergency Response and Evacuation Procedures

Announced and unannounced drills were conducted the Director of Security and Director of Housing for the San Diego Campus Residence Halls. For each test, the Director of Security documented a description of the exercise, the date, the time, and whether the test was announced or unannounced.

Residential students were provided the following policy information about Fire Drills/Alarms in Student Housing: It is a violation of state law to remain in a building when a fire alarm is sounding. Each room will be checked by a staff member. The alarm will not be turned off until the building is completely evacuated. Fire drills are conducted by the Housing and Residence Life staff for your safety. Treat every fire alarm as if there is a fire. If you hear the fire alarm, immediately evacuate your building and head to the nearest complex pool for accountability. Failure to comply will result in a fine of $100 and disciplinary sanctions.

### Conducting Fire Drills

The fire alarm was activated to begin the evacuation; once the evacuation was complete, the building was checked by staff to ensure that everyone has evacuated the building. Once the all clear was given, the Director of Security will issue a message giving the all clear.

### Post Drill

Timed evacuations were noted and responsibilities reviewed and any plans for future improvement noted.

For the time period of 2015 - 2016, Fire Drills were conducted on the following dates:

- 2015: November 5, 2015 and November 17, 2015;
- 2016: March 3, 2016; March 10, 2016 ; April 7, 2016; May 17, 2016

### False Alarms

False fire alarms (pulling fire alarm stations without cause, tampering with smoke detectors etc.) are prohibited

## Notification of Fire

### Smoke Detectors

Each residential suite in the Mountain Lion Residence Halls is protected by automatic smoke detectors (detectors are tested twice a year by Residential Life staff). On discovery of smoke, the individual detectors automatically sound a loud buzzer.

### Fire Alarms

Manually operated electrical fire alarms are installed externally, at the end of the buildings in Mountain Lion Residence Halls, externally on other small buildings and internally at each floor level of Daley Hall and Walter Library buildings. The residence hall buildings' fire alarms are provided outside Buildings 10 and 20 on the side nearest the swimming pool. The method of operating a manual fire alarm is by pulling down on the aluminum switch which is situated below the alarm horn. This will cause the alarm to be sounded throughout the particular complex or building. The alarm does not call the Fire Department – this has to be done by external telephone 911 or 9-911 from campus telephones.

## Fire Extinguisher

In the Mountain Lion Housing Residence Halls, one extinguisher is provided in a glass fronted box on the veranda of the first floor, front and rear of each building. These are of the dry powder type (type ABC); details of the type and method of operation are printed on the side of the extinguisher.

## Fire Safety Awareness Program and Staff Training

Fire safety and severe weather evacuation procedures were reviewed at the annual Residence Hall meeting at the beginning of each academic year. Resident Assistants also reviewed the information with their floor residents at their individual floor meetings. The following Fire safety guidance was provided to the University community via the Emergency Plan for each campus on the My. Alliant portal:

In the event of the discovery of Fire raise the alarm: Get people out of the building– check every room - call 911 or have someone else call 911. (9-911 from some campus telephones) and then state what is on fire. Example—"I would like to report a fire at Alliant International University. We are located at 10455 Pomerado Road. The fire is on the second floor of our Daley Hall building."

- Call Public Safety, extension 4444, tell them where the fire is (tell them whether or not you have called 911).
- Attack the fire with extinguishers provided. Be careful not to take unnecessary risks. Always keep yourself between the fire and an exit door.
- Always keep in mind that the safety of human life is our highest concern.

Means of escape should be made by the quickest and safest routes. Staff and students should be made aware of the escape routes available from buildings in which they work, study or reside, including alternative routes not normal used. Safety of life must take precedence over the saving of property. However, attacking a fire may in some cases control it and thereby assist in the escape of other persons.

All doors and escape routes from rooms or buildings, which afford a means of escape from the room or building, even though not regularly used, must at all times that the room or building is occupied, be unlocked and available for emergency exit in case of an emergency. Such doors and escape routes must be kept free from obstruction to their full width, to enable their use by the occupants of the buildings.

Make your way out of the building—use the safest and quickest route. (use the stairs….DO NOT USE THE ELEVATOR)

DO NOT PANIC or make unnecessary noise.

DO NOT RUN OR PUSH past other persons.

Check to see that everyone is out of the buildings (help those who are physically impaired).

FIRE PRECAUTIONS AND ADDITIONAL FIRE INSTRUCTIONS

Fire has no respect of persons or property---certain State and County Fire Codes prohibit the lighting of fires without appropriate authority. It must be the responsibility of all persons to take all necessary steps to prevent fires being started---either maliciously or accidentally.

In all cases of fire, the Fire Department must be called (911, or 9-911 from campus telephones). Upon their arrival, they will take charge of the incident, and their instructions must be complied with.

## On-Campus Housing Missing Student Policy and Procedure

## Campus Crime Statistics

The tables represent a summary of campus crimes reported to the designated Campus Security Official or law enforcement officials during the past three years. Under federal regulations the University must annually distribute the statistics on the reported on-campus occurrences of murder, manslaughter, rape, incest, fondling, statutory rape, domestic violence, dating violence, stalking, robbery, aggravated assault, burglary, arson, and motor vehicle theft, as well as data on the number of arrests for liquor law violations, drug abuse violations and weapons possession. These reports are generated for police purposes, not public relations purposes, and therefore the categories and definitions used are those used by law enforcement agencies as stipulated in the Uniform Crime Report (UCR). There were no criminal offenses at any of Alliant International University's campuses that manifested evidence of prejudice based on race, religion, sexual orientation or ethnicity.
