The University

Alliant International University is a private, independent University with campus locations in six California cities — Fresno, Irvine, Los Angeles, Sacramento, San Diego, and San Francisco. The University's mission includes a strong commitment to providing students with global understanding anda multicultural perspective, through both its formal curricula and the experiences of studying, working and living cooperatively in a racially, ethnically, and culturally diverse environment.

Introduction

Alliant International University ("University") is providing the following information to all current and prospective students and employees as part of the University's commitment to safety and security pursuant to the requirements of the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act") and the Violence Against Women Reauthorization Act of 2013("VAWA"), which added Campus SaVE Act provisions. VAWA amended the Clery Act, requiring institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports. Effective July 1, 2015, the U.S. Department of Education published final regulations implementing the changes to the Clery Act by VAWA.

Prior to July 1, 2015, in accordance with the Department's Dear Colleague Letter GEN 14-13 dated July 14, 2014, the Department required institutions to make a "good---faith effort to comply with the statutory provisions as written" until the effective date of the final regulations.

This report details campus policies on reporting criminal actions and other emergencies, security and access to campus facilities, campus crime prevention programs, policies on the possession, use, and saleof alcoholic beverages and illegal drugs, drug and alcohol abuse programs, sexual assault prevention programming, policies and procedures related to sexual and gender-based misconduct, incidents of hate violence, and crime statistics.

Policy on Preparation of Report

The report was prepared by the Clery Committee with inputs from the following Alliant University departments: The Public Safety at the San Diego campus, Office of People & Culture, Compliance, Campus Directors, Student Affairs, and Student Services and Facilities departments at each campus.

Campus crime, arrest, and referral statistics include those reported to Campus Public Safety, designated Campus Security Authorities, and local law enforcement agencies.

This report is compiled annually under the direction of the Chief Compliance Officer serving as the Clery Compliance Officer, as well as members of the Clery Committee, who are responsible for obtaining crime reports from Campus Security Authorities and law enforcement agencies, checking the accuracy of reports, and reconciling statistics to ensure proper categorization and to avoid double counting. For questions about any of the information provided in this report, please contact the CLERY Compliance Officer or the Office of Compliance at

Compliance@Alliant.edu.

Security and safety information is updated annually and provided to all students, employees, and applicants for admission. Additional detailed information on campus security and safety is distributed toall students and employees in the Alliant International University Academic Catalog and the Alliant Student Portal and Alliant Employee portal (employees only). Campuses will provide the most timely and specific information possible and will work to answer all questions raised by students, faculty, and staff. By October 1 of each year, campus crime statistics are reported and distributed to the campus community. They are collected between June and September of each year by the Clery Committee, prepared for the annual campus security report and are transmitted electronically to the Department of Education. Thus, they are always available to the community at large. The following is the Annual Campus Security and Safety Report for Alliant's Fresno, Hong Kong, Irvine, Los Angeles/Alhambra, Sacramento, San Diego, and San Francisco Bay Area campuses. The report for all Alliant campuses may be obtained after October 1, 2024 through the Office of Compliance, and maybe viewed at https://www.alliant.edu/consumer-information/fire-safety-reports/.

Crime Log

The Public Safety office and/or applicable Campus Director maintain crime logs documenting any criminal incident or alleged criminal incident that occurs on the campus, on public property within or immediately adjacent to and is accessible from the campus and is reported to Campus Security Authorities. These logs extend beyond Clery Act crimes. This information is available for public inspection, upon request, during normal business hours. Information in the crime log includes the following: the nature of the crime, the date and time the crime occurred, a general location of the crime, the case number, and any known disposition of the complaint.

Entries will be made within two business days of the report of the information, unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim. If new information about an entry into a log becomes available to the Public Safety office and/or Campus Director, then the new information shall be recorded in the log not later than two business days after the information becomes available to the Public Safety office and/or Campus Director.

The University may withhold Crime Log information if there is clear and convincing evidence that releasing it would jeopardize an ongoing criminal investigation or safety of the individual, cause the suspect to flee or evade detection, or result in the destruction of evidence. The University will disclose any withheld information once the adverse effect is no longer likely to occur.

Any portion of the logs older than 60 days will be made available within two business days of a request for public inspection. The University reserves the right to maintain the privacy of both the victim and the accused in any of these situations except as may be required by law. The name or any other personally identifying information of a victim of any crime defined by Section 243.4, 261, 264, 264.1, 273a, 273d, 273.5, 286, 287, 288, 289, 422.6, 422.7, or 422.75 of, or former Section 288a of, the California Penal Code shall not be disclosed without the permission of the

victim, or the victim's parent or guardian if the victim is a minor.

Campus Security Authorities

Safety at Alliant is everybody's business. Students, staff, and faculty are partners in creating an atmosphere that is safe and encourages learning. The University takes many precautions for safety andexpects that students, faculty, and staff will do the same.

A student, faculty, or staff member who has been the victim of a crime on or around school premises should report the incident to a Campus Security Authority and appropriate law enforcement agencies assoon as possible.

Campus Security Authorities are defined by the Clery Act as:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual whois responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution's statement of campus security policy asan individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities,including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Campus Security Authorities at Alliant include the Public Safety Department (San Diego campus) and certain University Officials detailed below.

All Campus Security Authorities including Public Safety officers are not law enforcement officials and do not have arrest authority; therefore, all crimes reported to the Campus Security Authorities will be reported to local police authorities. Once a crime is reported, the institution will note that in the crime log within two (2) days.

The University refers criminal incidents to local authorities who have jurisdiction over campuses in Fresno, Hong Kong, Irvine, Los Angeles/Alhambra, Sacramento, San Diego, and Emeryville.

Memorandum of Understanding

The University has a formal Memorandum of Understanding with the San Diego Police Department, which defines and details operational authority pursuant to the Kristen Smart Campus Safety Act of 1998, Education Code SB 1729.

The Memorandum of Understanding between the University and the San Diego Police Department establishes policy and guidelines on matters of mutual concern regarding law enforcement on the University campus, including the uniform reporting of criminal activity, and designates the University's Vice President of Student Affairs as liaison for all matters involving the respective law enforcement agency with respect to crime reporting and criminal investigations.

San Diego Public Safety Department

The University Public Safety Department is on duty at the San Diego Campus 24 hours a day, seven daysa week, 365 days a year. University Public Safety officers are empowered to enforce University security provisions and have received public safety training. University Public Safety officers have the authority to ask persons for identification and to determine whether individuals have lawful business at the University. In addition, they have the authority to issue parking tickets for parking violations on University property. The officers carry a baton and pepper spray.

University Public Safety officers respond to all reported security and safety issues as promptly as possible and if the officer or complainant requires local police assistance, the Public Safety Department notifies the City of San Diego Police Department. Campus public safety officers have no formal arrest authority. City, county, or state law enforcement officers make arrests, if necessary. Public Safety personnel will cooperate with all federal, state, and local police agencies in all investigations and law enforcement.

Private Security

In Fresno, Irvine, Hong Kong, Los Angeles/Alhambra, Sacramento, and San Francisco Bay Area campuses, Alliant utilizes private security companies to ensure the safety of our students, faculty, staff and campus guests.

Responsibilities of Campus Security Authorities

Campus Security Authorities are responsible for reporting allegations of Clery Act crimes that they receive to Campus Directors. Campus Security Authorities are not responsible for investigations reporting incidents that are not reported or that they learn about in an otherwise

indirect manner. Theyare not responsible for determining authoritatively if a crime took place.

Reporting Crimes and Emergencies

It is important for students, as well as other members of the campus community, to take responsibility for their own safety and well- being. The University strongly encourages students to take steps to ensurethe safety and security of their belongings, themselves, and others by engaging in the accurate and prompt reporting of all crimes to Campus Security Authorities and the appropriate police agencies. If a victim is unable to make a report, others in the University community are encouraged to do so on their behalf.

How to Report a Crime, Emergency Situation or Violation of Alliant Policies

1. If the crime or emergency situation appears to be immediately life or public safety threatening, call the police directly at 911. Otherwise, contact a designated Campus Security Authority at yourcampus.
2. Provide Public Safety, a Campus Security Authority and/or police a clear and distinct description of the incident, who was involved, where it took place, when it took place and, if you know, howor why it occurred. Be as specific as possible and, if possible, give your own name and those of other witnesses.
3. All Alliant employees who are told about the commission or probable commission of one of theserious crimes outlined in the statistics section of this Annual Report must report specific information to the Public Safety Department or to the Campus Director.
4. You may request to remain anonymous when reporting a crime, but confidentiality is notguaranteed.
5. Reports concerning campus crimes become part of the official crime statistics for Alliant which are then published in accordance with the Campus Security Act by the Vice President of StudentAffairs in coordination with the University's Public Safety Department.

In situations where the University receives a report of a non-criminal act of hate violence, it will require any written record of a noncriminal act of hate violence to include, but not be limited to, the following:

- A description of the act of hate violence
- Victim characteristics
- Offender characteristics, if known

The appropriate officials at each campus within their respective jurisdictions shall report information compiled relating to hate violence to the board of trustees through the Office of Compliance. The board of trustees, shall, upon collection of that information make a report containing a compilation of that information available to the general public on the internet website of the institution.

Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action, you can still make a confidential reportto the school. The University can file a report on the details of the incident without revealing your identity. In such circumstances, crime victims are encouraged to make a confidential report to one of thedesignated Campus Security Authorities. At a minimum, crime victims can receive counseling and referral information. Confidential reports help serve the future safety of our campus communities.

Pursuant to California Education Code section 67380(a)(6)(A), Campus Security Authorities who receive reports from employees or students of a violent crime, sexual assault or hate crime (as defined by Section 422.55 of the Penal Code, Part I) that occurred in an on or non-campus location as defined by the Clery Act, may not disclose to local law enforcement agencies the names of the victims or the alleged assailant, unless the victim consents to disclosing their name after being informed of their right to have their personally identifying information withheld. The name of the alleged assailant may be disclosed, however, if all of the following conditions are met:

i. The alleged assailant represents a serious or ongoing threat to the safety of students, employees, or the institution; and
ii. The immediate assistance of the local law enforcement agency is necessary to contact or detain the alleged assailant.

The University neither employs professional counselors or pastoral (faith- based) counselors for use by students, faculty or staff nor follows a policy that encourages pastoral counselors and professional counselors to inform the persons whom they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Alliant does not recognize any student organizations with non-campus housing facilities, nor does it monitor and record through local police criminal activity by students at non-campus locations of student organizations.

Timely Warnings and Emergency Notifications

During a significant emergency or dangerous set of circumstances involving an immediate threat to thehealth or safety of students, faculty, or employees on campus, the University will use without delay its Alliant Emergency Communication System (AECS, i.e, Regroup Mass Notification) to inform members of the University community, as well as provide other notifications, such as telephone calls, email communications, building alarms, or both. Through the AECS, notifications are sent by email, text, and phone. Every member of the Alliant community is automatically registered for the AECS. All faculty and staff of Alliant can update their emergency contact information directly in the AECS.

A leadership team appointed by the University Executive Leadership Team (President, Provost, SVP of Operations, VP of Student Affairs Chief Information Officer, SVP of Finance, Chief Compliance Officer/General Counsel) is responsible for confirming if an emergency or dangerous situation exists, determining the level of emergency on campus, and whether circumstances

warrant theuse of the AECS. A minimum of 2 members of this team will review the notice of the emergency situation and use the following criteria to evaluate if activation of the AECS system is warranted:

Hazard Characteristics

- What is the hazard?
- What is the impact to Alliant International University? (single building, single area on one campus, one campus, regional event)
- Is the situation under control or still ongoing?
- What is the potential for the situation to worsen?

Life Safety / Property Protection

- What is the potential for death?
- What is the potential for serious injury?
- What is the potential for minor injury?
- What is the potential for damage to property and facilities?
- What is the potential for disruption to normal course of business?

Urgency

- How soon does the message need to go out? (minutes, hours, days)
- Is there time for approval?

Audience

- Who needs to be alerted and where? (Administration, faculty, staff, students, visitors, all campuses, one campus, sector of campus, community, etc.)

Delivery Method Capabilities

The University has developed a wide range of template messages addressing several different emergency situations. One of the two individuals authorizing the alert will select the template message most appropriate to the on-going situation and send or modify it to address the specifics of the present incident. In those cases where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their own personal safety and that of those in the community.

If necessary, notification will also be sent to the local community through press releases, or social media,or both by the Assistant VP of Communications.

Timely Warning Reports to the Campus Community

Timely Warning Reports regarding campus crimes or incidents will be published on short notice if there is a threat or continuing danger to the Alliant community.

Timely warnings are issued on a case-by-case basis for Clery Act crimes or other serious incidents reported to campus security authorities or local police agencies and that pose "serious and ongoing threats" to students and employees on campus or in the immediate campus community. In deciding whether to issue a timely warning, the University considers all of the facts surrounding the incident such as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. Incidents that may result in issuing a timely warning include the following Clery Act crimes:

- Murder
- Non-Negligent Manslaughter
- Manslaughter by Negligence
- Sexual Assault
- Hate Crimes
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson

If any crime in the reported categories is reported to a Campus Security Authority, or to local police officials, and is considered to be a continued threat to the community, the University will report this information to students in a timely manner. The person responsible for reporting these types of threat possibilities is the Vice President of Student Affairs (or designee).

Warnings may be distributed in several ways, including posting on Alliant's student or employee portal, by email, orally, through signage, via the Alliant Emergency Communication System (AECS) or other appropriate means.

The Timely Warning must include information with sufficient specificity to allow recipients to take an appropriate response and to potentially aid in the prevention of similar crimes.

A Campus Timely Warning will include:

- Title of the crime reported;
- Date and time the Campus Timely Warning was released;
- Accurate date, time and location of the incident;
- A succinct description of the incident;
- Tips for maintaining personal safety; and
- A request for information and where to direct information.

A Campus Timely Warning may also include:

- Physical description of the suspect, if known;
- Information about possible connection to previous incidents;

The following chart identifies the differences between emergency notifications and timely warnings:

	Emergency Notifications	Timely Warnings
Scope?	Significant emergency or dangerous situation	Clery crimes reported to CSA's
Triggered By?	Event that is currently occurring on or imminently threatening campus	Crimes that occurred and represent an ongoing threat
Where Event Occurs?	Only on Campus	Anywhere on Clery Geography
How Soon to Issue?	Immediately upon confirmation of situation	As soon as information is available

Alliant Emergency Communication System

In addition to Alliant Emergency Communication System, the campus has additional methods and processes to distribute emergency information:

- Email
- Voicemail
- Telephone trees/Emergency Cell Phones
- Internet website/Campus homepage

Missing Students Notification Policies and Procedures

This section is not applicable as Alliant does not provide any on-campus student housing facilities.

Emergency Response and Evacuation Procedures

Alliant University conducts various emergency evacuation and response drills on an annual basis including field exercises and emergency notification systems tests. These drills may be scheduled and announced or unannounced. These exercises are designed to assess and evaluate the emergency plans and capabilities of the University.

During the drill, occupants practice drill procedures and familiarize themselves with the location of exits,the evacuation route, designated assembly locations and the sound of the fire alarm. Students, faculty, and staff receive advance notice, including date and time of the evacuation drills. In conjunction with scheduled drills, the University sends an email notification regarding the drill, which includes information on the evacuation procedures.

Drills are coordinated through the department of Public Safety/Facilities Management for Alliant buildings, who also maintain the documentation of the evacuation and response drills and any noted areas of future improvement. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of the fire alarm system components, or any other tool used

during emergency situations.

For each drill, the University documents a description of the drill, the date and time of the drill, and whether it was announced or unannounced. Recommendations for improvements are also submitted tothe appropriate department/offices for consideration.

Alliant University maintains a campus safety and emergency plan that describes the availability and location of security personnel, methods for summoning assistance of security personnel, any special safeguards that have been established for particular facilities or activities, any actions taken in the preceding 18 months to increase safety, and any changes in safety precautions expected to be made during the next 24 months. The Emergency Plan for each campus on the Public Safety page within the Alliant student portal and is also accessible to employees on the Alliant Employee SharePoint resource.

The following guidance regarding campus evacuations was provided to the University community via the Emergency Plan for each campus on the Alliant student portal:

Means of escape should be made by the quickest and safest routes. Staff and students should be madeaware of the escape routes available from buildings in which they work, study or reside, including alternative routes not normal used. Safety of life must take precedence over the saving of property.
However, attacking a fire may in some cases control it and thereby assist in the escape of other persons.

All doors and escape routes from rooms or buildings, which afford a means of escape from the room orbuilding, even though not regularly used, must at all times that the room or building is occupied, be unlocked and available for emergency exit in case of an emergency. Such doors and escape routes mustbe kept free from obstruction to their full width, to enable their use by the occupants of the buildings.

- Make your way out of the building—use the safest and quickest route (use the stairs….**do not use the elevator).**
- **Do Not Panic** or make unnecessary noise.
- **Do Not Run or Push** past other persons.
- Check to see that everyone is out of the buildings (help those who are physically impaired).

Campus Security Features and Safety, Security, and Crime Prevention Awareness Programs

Alliant University informs students, faculty, and staff throughout the year regarding various programs and opportunities to learn about campus security procedures and practices. These presentations cover topics such as sexual assault, travel safety, stalking, protecting possessions, and identity theft. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of the shared responsibility for the safety and security of the University community. This message is promoted to students and employees

verbally and visually by using various technologies such as videos, PowerPoint presentations, crime prevention awareness materials, security alert bulletins, and safety awareness articles.

Crime prevention information is posted on campus bulletin boards, hosted on the Alliant Public Safety webpage, and provided at presentations offered throughout the year including New Student Orientation, New Employee Orientation, University Update, periodic University wide announcements, and to students, faculty, and staff as requested. The Director of Facilities, Office of People & Culture, and Student Affairs maintain documentation of student and employee educational programming and safety updates.

The University has numerous primary prevention and awareness programs that include the distribution of educational materials to new students and new employees at such events as New Student Orientation, and New Employee orientations held throughout the year. In addition, ongoing prevention and awareness events are presented throughout the year for students and employees.

Cameras and Secure Campus Access

Alliant is committed and strives to provide and maintain a safe workplace and learning environment and based on feedback from the Alliant community, the University employs camera surveillance equipment on its campuses. Surveillance cameras are operational on all campuses and monitored locally and centrally. Surveillance cameras are not installed in "private" areas such as restrooms, locker rooms, changing areas, private offices, or classrooms. Surveillance cameras capture video only, and footage is retained only for 30 days. No audio is captured. Video footage/recordings may be used for investigation of criminal activity or violations of University Policies and Procedures.

To enhance safety and security Alliant is installing secure access systems on all campuses. Upon completion of installation, access to campus buildings will require a smart phone app, QR code, or a temporary key card (vendors and visitors).

Employee Focused Primary and On-Going Outreach/Prevention Programming

At Alliant International University, Office of People & Culture hosts a quarterly New Hire Orientation for new employees and provides an overview of multiple policies, including addressing Harassment & Discrimination and reporting sexual and gender misconduct issues to University Title IX officers. In addition, all employees must complete annual training on **Preventing Harassment & Discrimination: Non-Supervisors + Clery Act and Title IX (California).** The course content also helps postsecondary institutions comply with the employee training requirements of Title IX and the Campus Sexual Violence Elimination Act (Campus SaVE Act). This course also provides state-specific legal definitions of sexual violence, and describes victim protections, bystander intervention strategies, and school disciplinary proceedings. Employees are trained to:

- Identify the factors that contribute to a safe and healthy campus community.
- Understand rights and responsibilities under Title IX.

- Recognize different forms of sexual harassment/assault, dating/domestic violence, and stalking that are common in a college environment.
- Identify safe, positive and effective responses, and intervention options applicable to people experiencing sexual and relationship violence.
- Practice empathetic and active listening to someone who has experienced sexual or relationship harassment or violence.
- Understand reporting options and disciplinary proceedings for sexual and relationship misconduct.

In addition, the Employee Assistance Program provides comprehensive prevention and support resources that are available 24/7 through the Office of People & Culture employee portal. The Alliant Community will be informed of the resources available regularly published newsletters. Examples of articles, videos, and online seminars related to safety and security include:

- Workplace Violence Prevention

Student Focused Primary and On-Going Outreach/Prevention Programming

All incoming students, at the time they sign their enrollment agreement receive a link to the University Catalog which includes a section called “Student Rights and Responsibilities” that contains policy information regarding: Student Conduct, Public Safety, Problem Solving and Dispute Resolution, and Sexual Harassment & Misconduct. Within the University catalog is a link to the full Annual Security and Safety Report which encompasses information regarding Campus, Criminal, and Civil Consequences of Committing Acts of Sexual Violence, Bystander Intervention Techniques, Confidentiality of Reports of Sexual or Gender Based Misconduct/Harassment of Dating Violence and Stalking, Amnesty, Reporting Options including Reporting to University or Local Police and How and Where to File a Formal Complaint, Supportive Measures, Sexual Assault and Domestic Violence Counselors and Advocates and the University’s Investigation and Complaint Resolution process. The policy also includes definitions of Sexual Harassment, Sexual Misconduct, Sexual Assault, Sexual Exploitation, Sexual Violence, Affirmative Consent, Dating Violence, Domestic Violence, and Stalking. In September of each year, all current students and employees receive an email with the annual notice of the University Catalog and embedded policies.

Alliant communicates to its new incoming students that they are required to attend New Student Orientation, during which they receive information from the Office of Student Affairs regarding the University Title IX policy prohibiting sexual harassment, sexual misconduct, dating and domestic violence, and stalking, examples of acts which may constitute sexual violence and links to on and off campus resources, how to file a Title IX complaint, and a description of victim's rights and options. The New Student Orientation also covers campus safety topics including Crime preventing/reporting, Medical emergencies, and Safety escorts. The training materials will be made available for access throughout the year.

Alliant requires the completion of a mandatory online course for new incoming students. This course provides practical training for identifying, reporting, and preventing campus sexual violence, as well as assisting victims of sexual assault. Interactive case studies and videos provide engaging educational content that explains how to respond to known or suspected sexual violence, which includes sexual assault, acquaintance rape, dating violence, domestic violence, and stalking. Many interactions are based on real cases that teach important concepts to help create a safe campus community and create a culture that prohibits and does not tolerate sexual violence. The course teaches students valuable skills for assisting victims and survivors of sexual violence and reporting sexual violence. The course content also helps postsecondary institutions comply with the training requirements of Title IX and the Campus Sexual Violence Elimination Act (Campus SaVE Act). This course also provides state-specific legal definitions of sexual violence, and describes victim protections, bystander intervention strategies, and University disciplinary proceedings.

Education on personal safety and crime prevention is presented at an additional New Student Orientation for international students and includes tips on safety precautions for living and travel situations in the United States.

California Penalties and Sanctions for Illegal Possession of a Controlled Substance

Possession of certain controlled substances (such as opiates, cocaine base, hallucinogenic substances, orcertain narcotic drugs) is punishable by imprisonment in state prison, or probation pursuant to a felony conviction and a fine of $1,000 for the first offense or community service. Selling and transporting such substances is punishable by three or more years in state prison. (Health and Safety Code 11352)

California law prohibits furnishing and selling alcoholic beverages to underage (younger than 21) or obviously intoxicated individuals. Underage persons may not buy alcoholic beverages or possess them on campus, in public, or in places open to public view; the penalties for violations of these laws may include substantial fines and jail. Alcohol may not be sold without a license or permit. State law also prohibits driving a motor vehicle under the influence; drinking or possessing an open container of alcohol while driving; and operating a bicycle while intoxicated. The limit for blood alcohol concentration (BAC) for underage individuals is .01 percent. A BAC of .08 percent or higher for individuals 21 and older creates a presumption of intoxication, but they can be charged with lower blood alcohol levels. Drunk driving penalties include jail or prison, fines of

$1,000 or more, driver's license suspension or revocation, and required drug/alcohol treatment programs. Refusing to submit to a test for blood alcohol can result in suspension of driver's license for up to 3 years. Sale or possession for sale of controlled substances such as cocaine, methamphetamines, heroin, Ecstasy, GHB, Ketamine, LSD, PCP, marijuana, and "designer drugs" is a felony with terms of 3 years or more; manufacture results in terms of 3 years or more; possession alone is punishable by up to 4 years in prison. Sentences are enhanced for previously convicted felons, for distribution within 1,000 feet of a school or University or within 100 feet of a recreational facility, and for distribution to a pregnant woman or to someone under 18 by one over 18. Property used in drug transactions can be seized.

Federal Penalties and Sanctions for Illegal Possession of a Controlled Substance

Under Federal law, it is a felony offense to sell or intend to sell, manufacture, or distribute DEA scheduled drugs or mixtures containing them (e.g. cocaine, heroin, methamphetamines, Ecstasy, GHB, Ketamine, LSD, PCP, and so-called "designer drugs", as well as "counterfeits" purported to be such drugs), or to traffic in marijuana or hashish. Depending upon the quantity of substances involved, penalties for first offenses range from 5 years to life (20 years to life if death or serious injury involved) and fines up to $10 million or more, and for second offenses from 10 years to life (life if death or serious injury involved) and fines up to $20 million.

It is important to note that illegal trafficking of over-the-counter or prescription drugs (including anabolic steroids) which are listed as DEA Schedules II–V are included in the above penalties and fines. Those convicted of possession or distribution of controlled substances can be barred from receiving benefits of federal programs, including student grants and loans, contracts, ability to conduct teaching and research using controlled substances, and professional and commercial licenses; may be subject to forfeiture of property used in or traceable to illegal controlled substance transactions; and, if non-citizens, subject to deportation.

Drug and Alcohol Abuse and Prevention Programs

Drug and Alcohol programs are coordinated through the collective efforts of Student Affairs s and Office of People & Culture. The goal is to support and promote healthy choices that promote a healthy learningenvironment.

Primary prevention programs include information during Welcome Week for new students and additional drug and alcohol abuse and security awareness programs throughout the year.

The University utilizes an online course AlcoholEdu Education to provide alcohol and substance abuse prevention training for all new students. A special focus on knowledge, skills and tools to help students make healthy, informed decisions about prescription medications is included in the training materials.

COVID and Psychopharmacology: A 2023 Update - Dr. Judith Steinman, PhD.

Post-COVID Condition (PCC) is the constellation of signs and symptoms that continue more than three months after the initial infection. Psychosocial factors

appear to play a role in determining the characteristics and outcome of PCC, with almost 50 percent of young adults and adolescents with long-haul COVID also diagnosed with PCC. This presentation by Judi Steinman, PhD, will share current findings on the neurological sequelae continuing after initial COVID exposure, with special emphasis on autonomic dysregulation.

The University maintains a drug/alcohol awareness program to make every effort to ensure that all University students, staff, and faculty are aware of issues regarding drug and alcohol use/abuse including:

1. The policy of the University regarding drug/alcohol-free facilities;
2. The dangers and health risks of drugs and alcohol;
3. The availability of referral agencies for drug/alcohol counseling and rehabilitation; and
4. Disciplinary actions that may result from a violation of this policy.

Administrators will be trained in the enforcement of this policy and ensure the confidentiality of such matters.

Alliant provides several resources on campus for members of the University Community experiencing drug and/or alcohol problems. Students seeking assistance may contact:

- Director of Campus Services (see Campus Security Official contact information)
- Student Assistance Program at 1-888-893-LINC (5462)

Employees seeking assistance may contact the Office of People and Culture, or the Employee Assistance Program at 1-800-634-6433 or by emailing them at online@empathia.com.

University officials may also refer students to these resources. Referrals made as part of the disciplinary process are mandatory for students. Professionals from these offices are available to listen to students with such problems and make a referral if necessary.

Faculty/staff may receive information concerning these programs via Alliant's Annual Drug Free Workplace memorandum and may receive additional information by contacting the Office of People & Culture at (858) 635-4509.

Health Risks Associated with the Abuse of Alcohol

Alcohol consumption can cause several marked changes in behavior. Even low doses can significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also can increase the incidenceof a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cancause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses can cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol can produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake may produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and

convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants may have irreversible physical abnormalities and mental retardation. In addition, researchindicates that children of alcoholic parents are at greater risk than others of becoming alcoholics.

Voluntary Rehabilitation

The University supports students, staff, and/or faculty who voluntarily seek rehabilitation for drug/alcohol-related problems. A list of resources in your area is included below, which may be accessedfor drug education programs as well as for drug rehabilitation programs. Student may also contact the Director of Campus Services for confidential assistance in this matter or for additional local resources in your area. If you choose to avail yourself of a rehabilitation program, you will be provided a leave of absence in accordance with the applicable policy.

If an employee chooses to take advantage of a rehabilitation program, the University will attempt to accommodate him or her with a reasonable leave of absence. Accrued sick leave and vacation benefits may be applied toward this leave but will not continue to accrue once expended. Employees should contact Office of People & Culture to discuss leave, benefit, and compensation issues.

Title IX: Sexual and Gender Based Harassment and Misconduct Policy

Alliant International University (also referred to as Alliant or the University) strives to promote and provide an educational and employment environment that is free from sex discrimination, sex-based harassment, and retaliation for engaging in protected activity. **“No person in the United**

States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance". 20 U.S.C. § 1681

Title IX is a federal law that prohibits schools from discriminating based on sex/gender. The University strives to meet all the requirements defined by Title IX, the Campus Sexual Violence Elimination (SaVE) Act, the Clery Act and the re-authorized Violence Against Women Act (VAWA). Title IX discrimination includes sexual harassment, sexual misconduct, gender-based harassment, sexual violence, sexual assault, stalking, and intimate partner violence (domestic and dating violence).

Alliant prohibits sexual harassment and sexual violence, including forcible and non-forcible sex offenses, sexual assault, domestic violence, dating violence, or stalking, as defined below, in addition to the guidelines set forth in the Non-Discrimination policy.

This policy applies to all conduct in any academic, educational, extra-curricular, or other University program and activity, whether those programs and activities occur in University facilities, on or off campus, or are committed by a stranger or non-stranger. Conduct that occurs outside of the United States or conduct that occurs in an activity not sanctioned as an academic, educational, extra-curricular, or other University program and activity may be addressed via other University policies. Accordingly, the University will investigate all Complaints regardless of where the alleged conduct occurs to determine if it should be addressed by Title IX or another University policy. Conduct that does not meet the definition of sexual harassment for Title IX purposes can still be addressed through an institution's own disciplinary processes.

The University shall take reasonable steps to respond to each incident of sex-based harassment involving individuals subject to the institution's policies that occur in connection with any educational activity or other program of the institution, as well as incidents that occurred outside of those educational programs or activities, whether they occurred on or off campus, if, based on the allegations, there is any reason to believe that the incident could contribute to a hostile educational environment or otherwise interfere with a student's access to education.

Regardless of whether or not a complaint has been filed under the University's grievance procedures, if the University knows, or reasonably should know, about possible sex-based harassment involving individuals subject to the University's policies at the time, the University shall promptly investigate to determine whether the alleged conduct more likely than not occurred, or otherwise respond if the University determines that an investigation is not required. If the University determines that the alleged conduct more likely than not occurred, it shall immediately take reasonable steps to end the harassment, address the hostile environment, if one has been created, prevent its recurrence, and address its effects.

Sex-based harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or other unwanted conduct of a sexual nature. Harassment is further defined as unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that unreasonably interferes with a person's employment or education, interferes with a person's work or educational performance, or creates an environment such that a reasonable person would find the conduct intimidating, hostile, or offensive.

Where unwelcome sex/gender-based conduct consists of speech or expressive conduct, the University will balance Title IX enforcement with respect for free speech and academic freedom. Students and employees and others should enjoy free speech and academic freedom protections, even when speech or expression is offensive.

Sex-based harassment includes sexual violence (see definition below). Sexual violence is a form of sex-based harassment prohibited by Title IX/Campus SaVE.

Sex-based harassment may occur in hierarchical relationships, between peers, or between individuals of the same sex or opposite sex. To determine whether the reported conduct constitutes sex-based harassment, consideration shall be given to the record of the conduct as a whole and to the totality of the circumstances, including the context in which the conduct occurred.

Sexual Misconduct includes but is not limited to sex-based harassment and sexual violence, including forcible and non-forcible sex offenses, sexual assault, domestic violence, dating violence, or stalking, as defined below. This behavior is unacceptable in the academic environment and in other University-related settings such as University-sponsored activities or University-related social events. Additional details can be found on our Consumer Information webpage.

The University will not tolerate such conduct on the part of any employee, student, vendor, or other individuals. Compliance with this policy will be strictly enforced and violations will be dealt with in accordance with the appropriate employee or student disciplinary policy and procedure.

Alliant International University finds sexual misconduct totally unacceptable to this working/learning environment. Staff, faculty, and administrators are not to engage in sexual relationships with students, whether consensual or otherwise. Supervisors are not to engage in sexual relationships, whether consensual or otherwise, with those staff who report to them, directly or indirectly.

The University will take all reasonable steps necessary to prevent harassment and sexual misconduct. Alliant maintains a program to eliminate sexual and other forms of harassment from its working/learning environment including the provision of supervisory, staff, faculty, and student sexual awareness and prevention training. In compliance with California State law, all University employees and students are given a copy of the Department of Fair Employment and Housing's pamphlet (DFEH-185) entitled "Sex-based harassment: The Facts About Sex-based harassment." Should the University become aware that any contractor, vendor, partner, or other affiliate engages in Sexual or Gender Based Misconduct/Harassment appropriate action up to and including termination of the contractual business relationship may occur.

Administrators will support and assist staff, faculty, and students in the pursuit of investigating and remediating problems of harassment or sexual misconduct whenever it occurs. If you are a student or employee who feels you have been subjected to such abuses, you should report all harassment and sexual misconduct complaints (knowing that it will be in confidence and without reprisal or retaliation) to the University Title IX Coordinator:

Mandated Reporting and Confidential Employees

All Alliant International University faculty and employees (including student-employees), other than those deemed Confidential Employees, are Mandated Reporters and are expected to promptly report all known details of actual or suspected sex discrimination, sex-based harassment, retaliation, and/or Other Prohibited Conduct to appropriate officials immediately, although there are some limited exceptions. Supportive measures may be offered as the result of such disclosures without formal action.

[1] EEOC has jurisdiction over Title IX employment claims. Alliant recommends providing local EEOC office contact information in this section. Please consult: http://www.eeoc.gov/field/index.cfm to locate your local office's contact information.

Complainants may want to carefully consider whether they share personally identifiable details with Mandated Reporters, as those details must be shared with the Title IX Coordinator.

If a Complainant expects formal action in response to their allegations, reporting to any Mandated Reporter can connect them with resources to report alleged crimes and/or Policy violations, and these employees will immediately pass Notice to the Title IX Coordinator (and/or police, if desired by the Complainant or required by law), who will act when an incident is reported to them.

The following sections describe the Alliant International University's reporting options for a Complainant or third party (including parents/guardians when appropriate):

Confidential Employees

There are three categories of Confidential Employees: 1) Those with confidentiality bestowed by law or professional ethics, such as lawyers, medical professionals, clergy, and mental health counselors; 2) Those whom Alliant International University has specifically designated as Confidential Resources for purposes of providing support and resources to the Complainant; and 3) Those conducting human subjects research as part of a study approved by the Alliant International University's Institutional Review Board (IRB). For those in category 1), above, to be able to respect confidentiality, they must be in a confidential relationship with the person reporting, such that they are within the scope of their licensure, professional ethics, or confidential role at the time of receiving the Notice. These individuals will maintain confidentiality except in extreme cases of immediacy of threat or danger or abuse of a minor, elder, or individual with a disability, or when required to disclose by law or court order.

To enable Complainants to access support and resources without filing a Complaint, Alliant International University has designated specific employees as Confidential Resources. Those designated by Alliant International University as Confidential Resources are not required to report actual or suspected sex discrimination, sex-based harassment, or retaliation in a way that identifies the Parties. They will, however, provide the Complainant with the Title IX Coordinator's contact information and offer options and resources without any obligation to inform an outside agency or Alliant International University official unless a Complainant has requested the information be shared.

If a Complainant would like the details of an incident to be kept confidential, the Complainant may speak with the following Confidential Employees:

1. Dr. Afrookhteh, Chief Compliance Officer/General Counsel, Afshin.Afrookhteh@Alliant.Edu or 858-635-4734

This also includes situations when a harasser is a Mandated Reporter. Such individuals are obligated to report their own misconduct, and failure to do so is a chargeable offense under this Policy.

A Mandated Reporter who is themselves a target of discrimination, harassment, or other misconduct under this Policy is not required to report their own experience, though they are, of course, encouraged to do so.

Definitions of Sexual and Gender Based Misconduct

The University reserves the right to determine the applicable definition based upon factors including but not limited to location of the alleged offense, applicable laws or location of the university. Under university policy or federal law, conduct may constitute Sexual or Gender Based

Misconduct/Harassment even though that conduct does not meet a specific state or other definition of an offense.

As required by law and policy, Alliant International University prohibits the crimes of dating violence, domestic violence, sexual assault and stalking

The following definitions are used for purposes of reporting dating violence, domestic violence, sexual assault and stalking under the Clery Act as amended by VAWA.

Dating Violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. It includes sexual or physical abuse or the threat of such abuse. It does not include acts covered under domestic violence.

Domestic Violence is a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the complainant. Intimate partners refer to relationships between spouses, former spouses, past or present unmarried couples, or persons who are both the parents of the same child regardless of whether the persons have been married or have lived together at any time. Other relationships may fall under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Incapacitation is the physical and/or mental inability to make informed, rational judgments. States of incapacitation include but are not limited to unconsciousness, sleep, and blackouts. Where alcohol or drugs are involved, incapacitation is defined with respect to how the alcohol or other drugs consumed affects a person's decision-making capacity, awareness of consequences, and ability to make fully informed judgments. Being intoxicated by drugs or alcohol does not diminish one's responsibility to obtain consent. The factors to be considered when determining whether consent was given include whether the respondent knew, or whether a reasonable person should have known, that the complainant was incapacitated.

Stalking is behavior in which a person repeatedly engages in conduct directed at a specific person that places that person in reasonable fear of their safety or the safety of others, or that would cause a reasonable person to suffer substantial emotional distress.

Sexual Assault any person who knowingly inflicts sexual intrusion or sexual penetration on a victim commits sexual assault if:

- It occurs when sexual activity is engaged without the consent of one party or when one party is unable to consent to the activity.
- The activity or conduct may include physical force, violence, threat, or intimidation, ignoring the objections of the other person,
- Causing the other person's intoxication or incapacitation through the use of drugs or alcohol,

- Or taking advantage of the other person's incapacitation (including voluntary intoxication).

Sexual Exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other Sexual or Gender Based Misconduct/Harassment offenses.

Sexual Violence is defined as physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. Several different acts fall into the category of sexual violence, including, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion, domestic violence, dating violence, and/or stalking. Sexual violence can be carried out by University employees, other students, or third parties. All such acts of sexual violence are forms of sex discrimination prohibited by Title IX.

Consent is defined by California Penal Code Section 261.6 (a) as positive cooperation in act or attitude pursuant to an exercise of free will. The person must act freely and voluntarily and have knowledge of the nature of the act or transaction involved. (b) A current or previous dating or marital relationship is not sufficient to constitute consent if consent is at issue in a prosecution under Section 261, 286, 287, or 289, or former Section 262 or 288a.

At Alliant International University consent is also defined as an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity. Consent must be informed, voluntary, and given without coercion, force, threats, or intimidation.

Consent is revocable. Consent to some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion does not constitute consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent.

In the evaluation of complaints in any disciplinary process, it shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:

(A) The respondent's belief in affirmative consent arose from the intoxication or recklessness of the respondent.

(B) The respondent did not take reasonable steps, in the circumstances known to the respondent at the time, to ascertain whether the complainant affirmatively consented.

Applicable Law and California Penal Code Definitions

The following definitions reflect California state law and may be different from the federal definitions above. The federal definitions are used for the purposes of reporting crime statistics as mandated by the Clery Act as amended by VAWA. It is important to be aware of state law definitions that govern criminal proceedings.

Dating Violence - Included within the definition of domestic violence as set forth in California Penal Code § 13700.

Domestic Violence - California Penal Code Section § 13700 (relevant excerpts)
(a) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another.
(b) "Domestic violence" means abuse committed against an adult or a minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship. For purposes of this subdivision, "cohabitant" means two unrelated adult persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to, (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as spouses, (5) the continuity of the relationship, and (6) the length of the relationship.

Sexual Assault (Defined under the Clery Act to be an offense that meets the definition of rape, fondling, incest, or statutory rape)

Rape - California Penal Code Section § 261 (relevant excerpts)
(a) Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, "unconscious of the nature of the act" means incapable of resisting because the victim meets any one of the following conditions:

(A) Was unconscious or asleep.

(B) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(C) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(D) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraudulent representation that the sexual penetration served a professional purpose when it served no professional purpose.

(5) Where a person submits under the belief that the person committing the act is someone known to the victim other than the accused, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph, "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) As used in this section, "duress" means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in an act to which one otherwise would not have submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.

(c) As used in this section, "menace" means any threat, declaration, or act which shows an intention to inflict an injury upon another.

Fondling (Sexual Battery) - California Penal Code Section § 243.4.

However, if the defendant was an employer and the victim was an employee of the defendant, the misdemeanor sexual battery shall be punishable by a fine not exceeding three thousand dollars ($3,000), by imprisonment in a county jail not exceeding six months, or by both that fine and imprisonment. Notwithstanding any other provision of law, any amount of a fine above two thousand dollars ($2,000) which is collected from a defendant for a violation of this subdivision shall be transmitted to the State Treasury and, upon appropriation by the Legislature, distributed to the Department of Fair Employment and Housing for the purpose of enforcement of the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2 of the Government Code), including, but not limited to, laws that proscribe sexual harassment in places of employment. It is not necessary to prove that the defendant had the intent to actually carry out the threat. The present incarceration of a

person making the threat shall not be a bar to prosecution under this section. Constitutionally protected activity is not included within the meaning of "credible threat."

(h) For purposes of this section, the term "electronic communication device" includes, but is not limited to, telephones, cellular phones, computers, video recorders, fax machines, or pagers. "Electronic communication" has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

(k) (1) The sentencing court also shall consider issuing an order restraining the defendant from any contact with the victim, that may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any restraining order be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim and his or her immediate family.

(2) This protective order may be issued by the court whether the defendant is sentenced to state prison, county jail, or if imposition of sentence is suspended and the defendant is placed on probation.

(l) For purposes of this section, "immediate family" means any spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

Consent

In prosecutions under Section 261, 262, 286, 288a, or 289, in which consent is at issue, "consent" shall be defined to mean positive cooperation in act or attitude pursuant to an exercise of free will. The person must act freely and voluntarily and have knowledge of the nature of the act or transaction involved.

A current or previous dating or marital relationship shall not be sufficient to constitute consent where consent is at issue in a prosecution under Section 261, 262, 286, 288a, or 289.

Nothing in this section shall affect the admissibility of evidence or the burden of proof on the issue of consent.

Information Sharing Requirements

Any Alliant International University faculty or staff who becomes aware of a student's pregnancy or related condition is required to provide the student with the Title IX Coordinator's contact,

Esmeralda Silva,
Title IX Coordinator
TitleIX@Alliant.edu or (858) 635-4535

Please include information and communicate that the coordinator can help take specific actions to prevent discrimination and ensure equal access to the Alliant International University's education programs and activities. Alliant International University faculty and staff should also send notification to the student where to find the **Pregnancy and Related Condition File a Modification Request Form.**

Upon notification of a student's pregnancy or related condition, the Title IX Coordinator will contact the student and inform the student of the Alliant International University's obligations to:

- Prohibit sex discrimination.
- Provide reasonable modifications.
- Allow access, on a voluntary basis, to any separate and comparable portion of the institution's education programs or activities.
- Allow a voluntary leave of absence.
- Ensure lactation space availability.
- Maintain a Resolution Process for alleged discrimination.
- Treat pregnancy as comparable to other temporary medical conditions for medical benefit, service, plan, or policy purposes.

[3] "[T]he Department interprets 'termination of pregnancy' to mean the end of pregnancy in any manner, including, miscarriage, stillbirth, or abortion." Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance, 89 F.R. 33474, April 29, 2024, codified at 34 C.F.R. 106.

The Title IX Coordinator will also notify the student of the process to file a complaint for alleged discrimination, harassment, or retaliation, as applicable.

Reasonable Modifications for Students

Students who are pregnant or are experiencing related conditions are entitled to Reasonable Modifications to prevent sex discrimination and ensure equal access to the Alliant International University's education program and activity. Any student seeking Reasonable Modifications must contact the Title IX Coordinator at: TitleIX@Alliant.Edu or file a report online to discuss appropriate and available Reasonable Modifications based on their individual needs. Students are encouraged to request Reasonable Modifications as promptly as possible, although retroactive modifications may be available in some circumstances. Reasonable Modifications are voluntary, and a student can accept or decline the offered Reasonable Modifications. Not all Reasonable Modifications are appropriate for all contexts.

Reasonable Modifications may include:

- Breaks during class to express breast milk, breastfeed, or attend to health needs associated with pregnancy or related conditions, including eating, drinking, or using the restroom.
- Intermittent absences to attend medical appointments - Absences must be discussed with professor and if possible, an alternate assignment given that meets the learning outcomes of the missed class meeting(s). Not all class learning outcomes can be met with an alternative assignment and excessive absences may require a withdrawal from the course.
- Access to online or homebound education, if available within the program curriculum. Accredited programs may have limited access to pre-existing online courses or have learning objectives that are only met by in-person assessment. These courses may have to be taken on-ground, out of sequence at a later date and in some programs the program plan may be extended to accommodate taking the course off schedule.
- Changes in schedule or course sequence
- Time extensions for coursework and rescheduling of tests and examinations
- Allowing a student to sit or stand, or carry or keep water nearby
- Counseling
- Changes in physical space or adaptive equipment (for example, access to a larger desk or a footrest)
- Elevator access, where available

- A larger uniform or other required clothing or equipment
- Other changes to policies, practices, or procedures determined by the Title IX Coordinator

In situations such as clinical rotations, performances, labs, and group work, the institution will work with the student to devise an alternative path to completion, if possible. In progressive curricular and/or cohort-model programs, medically necessary leaves are sufficient cause to permit the student to shift course order, substitute similar courses, or join a subsequent cohort when returning from leave. Students are encouraged to work with their faculty members and Alliant International University's support systems to devise a plan for how to best address the conditions as pregnancy progresses, anticipate the need for leaves, minimize the academic impact of their absence, and get back on track as efficiently and comfortably as possible. The Title IX Coordinator will assist with plan development and implementation as needed.

Supporting documentation for Reasonable Modifications will only be required when it is necessary and reasonable under the circumstances to determine which Reasonable Modifications to offer to determine other specific actions to take to ensure equal access.

Information about pregnant students' requests for modifications will be shared with faculty and staff only to the extent necessary to provide the Reasonable Modification.

Students experiencing pregnancy-related conditions that manifest as a temporary disability under the Americans with Disabilities Act (ADA) or Section 504 of the Rehabilitation Act are eligible for reasonable accommodations just like any other student with a temporary disability. The Title IX Coordinator will consult with the Office of Accessibility at: accessibility@alliant.edu to ensure the student receives reasonable accommodations for their disability as required by law.

Certification to Participate

All students should be informed of health and safety risks related to participation in academic and co-curricular activities, regardless of pregnancy status. A student may not be required to provide health care provider or other certification that the student is physically able to participate in the program or activity, unless:

- The certified level of physical ability or health is necessary for participation;
- The institution requires such certification of all students participating; and
- The information obtained is not used as a basis for pregnancy-related discrimination.

Lacation Space Access

The Alliant International University provides students and employees with access to lactation spaces that are functional, appropriate, and safe. Such spaces are regularly cleaned, shielded from view, and free from the intrusion of others.

Lactation spaces are located at each campus please contact Campus Director's at each campus location for Lactation space.

Leaves of Absence

Students

Students are permitted to take a voluntary leave of absence for a reasonable time as deemed medically necessary by their healthcare provider because of pregnancy and/or the birth, adoption, or placement of a child. The leave term may be extended in the case of extenuating circumstances or medical necessity. Students who elect to take leave under this policy may register under an "on leave/inactive" status to continue their eligibility for certain benefits.

To the extent possible, Alliant International University will take reasonable steps to ensure that students who take a leave of absence or medical leave return to the same position of academic progress that they were in when they took leave, including access to the same or an equivalent course catalog that was in place when the leave began.

Continuation of students' scholarships, fellowships, or similar Alliant International University-sponsored funding during the leave term will depend on student registration status and the policies of the funding program regarding registration status. Students will not be negatively impacted by or forfeit their future eligibility for their scholarship, fellowship, or similar Alliant International University-supported funding by exercising their rights under this policy.

The Student Finance Department can and will advocate (with no guarantees) for students with respect to financial aid agencies and external scholarship providers if a leave of absence places eligibility into question.

To initiate a leave of absence, the student must contact the Title IX Coordinator at least 30 calendar days prior to the initiation of leave, or as soon as practicable. The coordinator will assist the student in completing any necessary paperwork.

Employees

Information on employment leave can be found here. Employee Leave Policy

If an employee, including a student-employee, is not eligible for leave under the aforementioned leave policy because they either (1) do not have enough leave time available under that policy, or (2) have not been employed long enough to qualify for leave under that policy, they are eligible to qualify for pregnancy or related condition leave under Title IX. Pregnancy and related conditions will be regarded as a justification for a leave of absence without pay for a reasonable period of time.

Employees who take leave under Title IX must be reinstated to the status held when leave began or a comparable position without a negative effect on any employment privilege or right.

Student Parents

Students with child caretaking/parenting responsibilities who wish to remain engaged in their coursework while adjusting their academic responsibilities because of the birth or adoption of a child or placement of a foster child may request an academic modification period during the first 3 months from the time the child entered the home. Extensions may be granted when additional time is required by medical necessity or extraordinary caretaking/parenting responsibilities.

During the modification period, the student's academic requirements will be adjusted and deadlines postponed as appropriate, in collaboration among the Title IX Coordinator, the student's academic advisor, and the appropriate academic department(s).

Students seeking a period of modified academic responsibilities may consult with their academic advisor or with the Title IX Coordinator to determine appropriate academic adjustment requests. The Title IX Coordinator will communicate all requests under this policy to students' academic advisors and coordinate adjustment-related efforts with the advisors unless the student specifically requests that their advisors be excluded.

Intermittent absences to attend medical appointments - Absences must be discussed with professor and if possible, an alternate assignment given that meets the learning outcomes of the missed class meeting(s). Not all class learning outcomes can be met with an alternative assignment and excessive absences may require a withdrawal from the course.

Access to online or homebound education, if available within the program curriculum. Accredited programs may have limited access to pre-existing online courses or have learning objectives that are only met by in-person assessment. These courses may have to be taken on-ground, out of sequence later and in some programs the program plan may be extended to accommodate taking the course off schedule.

Students are encouraged to work with their advisors and faculty members to reschedule course assignments, lab hours, examinations, or other requirements, and/or to reduce their overall course load, as appropriate, once authorization is received from the Title IX Coordinator; TitleIX@Alliant.Edu

If, for any reason, caretaking/parenting students are not able to work with their advisors/faculty members to obtain appropriate modifications, students should alert the Title IX Coordinator at TitleIX@Alliant.Edu as soon as possible, and the office will help facilitate needed accommodations and modifications.

In timed degree, certification, or credentialing programs, students who seek modifications upon the birth or placement of their child will be allowed an extension of up to 1 months to prepare for

and take preliminary and qualifying examinations, and an extension of up to 3 months toward normative time to degree while in candidacy, to the extent those deadlines are controlled by the Alliant International University. Longer extensions may be granted in extenuating circumstances.

Students can request modified academic responsibilities under this Policy regardless of whether they elect to take a leave of absence.

While receiving academic modifications, students will remain registered and retain benefits accordingly.

Policy Dissemination and Training

A copy of this policy will be made available to faculty and employees in annually required training and posted on the Alliant International University website. The Alliant International University will alert all new students about this policy and the location of this policy as part of orientation. The Title IX Coordinator and the Office of People and Culture will make educational materials available to all members of the Alliant International University community to promote compliance with this policy and familiarity with its procedures.

Employee Focused Primary and On-Going Outreach/Prevention Programming
At Alliant International University, Office of People & Culture hosts regular New Hire Orientation sessions for new employees and provides an overview of multiple policies, including addressing Harassment & Discrimination and reporting sexual and gender misconduct issues to University Title IX officers. In addition, all employees must complete annual training on **Preventing Harassment & Discrimination: Non-Supervisors Clery Act and Title IX (California).** The course content also helps postsecondary institutions comply with the employee training requirements of Title IX and the Campus Sexual Violence Elimination Act (Campus SaVE Act). This course also provides state-specific legal definitions of sexual violence, and describes victim protections, bystander intervention strategies, and school disciplinary proceedings. Employees are trained to:

- Identify the factors that contribute to a safe and healthy campus community.
- Understand rights and responsibilities under Title IX.

- Recognize different forms of sexual harassment/assault, dating/domestic violence, and stalking that are common in a college environment.
- Identify safe, positive, and effective responses, and intervention options applicable to people experiencing sexual and relationship violence.
- Practice empathetic and active listening to someone who has experienced sexual or relationship harassment or violence.
- Understand reporting options and disciplinary proceedings for sexual and relationship misconduct.

Student Focused Primary and On-Going Outreach/Prevention Programming

All incoming students, at the time they sign their enrollment agreement receive a link to the University Catalog which includes a section called "Student Rights and Responsibilities" that contains policy information regarding: Student Conduct, Public Safety, Problem Solving and Dispute Resolution, and Sex-based harassment & Misconduct. Within the University catalog is a link to the full Annual Security and Safety Report which encompasses information regarding Campus, Criminal, and Civil Consequences of Committing Acts of Sexual Violence, Bystander Intervention Techniques, Confidentiality of Reports of Sexual or Gender Based Misconduct/Harassment of Dating Violence and Stalking, Amnesty, Reporting Options including Reporting to University or Local Police and How and Where to File a Formal Complaint, Supportive Measures, Sexual Assault and Domestic Violence Counselors and Advocates and the University's Investigation and Complaint Resolution process. The policy also includes definitions of Sex-based harassment, Sexual Misconduct, Sexual Assault, Sexual Exploitation, Sexual Violence, Affirmative Consent, Dating Violence, Domestic Violence, and Stalking. In August of each year, all current students and employees receive an email with the annual notice of the University Catalog and embedded policies.

Alliant communicates to its new incoming students that they are required to attend New Student Orientation, during which they receive information from the Office of the Vice President of Student Affairs regarding the University Title IX policy prohibiting sex-based harassment, sexual misconduct, dating and domestic violence, and stalking, examples of acts which may constitute

sexual violence and links to on and off campus resources, how to file a Title IX complaint, and a description of victim's rights and options. The New Student Orientation also covers campus safety topics including Crime preventing/reporting, Medical emergencies, and Safety escorts.

Alliant requires the completion of a mandatory online course for new incoming students. This course provides practical training for identifying, reporting, and preventing campus sexual violence, as well as assisting victims of sexual assault. Interactive case studies and videos provide engaging educational content that explains how to respond to known or suspected sexual violence, which includes sexual assault, acquaintance rape, dating violence, domestic violence, and stalking. Many interactions are based on real cases that teach important concepts to help create a safe campus community and create a culture that prohibits and does not tolerate sexual violence. The course teaches students valuable skills for assisting victims and survivors of sexual violence and reporting sexual violence. The course content also helps postsecondary institutions comply with the training requirements of Title IX and the Campus Sexual Violence Elimination Act (Campus SaVE Act). This course also provides state-specific legal definitions of sexual violence, and describes victim protections, bystander intervention strategies, and University disciplinary proceedings.

Bystander Intervention Techniques

Bystander intervention is when someone chooses to take action when witnessing an uncomfortable situation. It encompasses safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking.

- **Direct** – You can be direct when confronting a situation where someone else is being harmed or at risk of being harmed. In the case of witnessing a fight, the direct approach might involve asking the students who were fighting if everything is alright, or asking the other students in the room if they are as uncomfortable with the situation as you were.
- **Distract** – In a situation that involves more than one person, you can also distract one or both people involved. In a fight, this can allow people to cool off, and in cases of sexual violence, it can create an opportunity for the potential victim to get away. The goal of distraction is to interrupt the harmful behavior, not necessarily to confront it.
- **Delegate** – You can delegate the task by looking for people to back you up when it's time to intervene. Depending on the situation, that could mean asking for help from fellow party goers when you witness a fight or see sexual violence. Delegating is great because it can create a shared sense of responsibility among community members.
- **Delay** – If the first 3 Ds don't work for you or your situation, you can also use a delayed response, such as following up and asking if someone is okay after the fact. The important thing is to show you fellow students that you care and are there to support them.

Warning Signs of Abusive Behavior

Domestic violence (also referred to as intimate partner violence (IPV), dating abuse, or relationship abuse) is a pattern of behaviors used by one partner to maintain power and control over another partner in an intimate relationship.

Domestic violence doesn't discriminate. People of any race, age, gender, sexuality, religion, education level, or economic status can be a victim — or perpetrator — of domestic violence. That includes behaviors that physically harm, intimidate, manipulate or control a partner, or otherwise force them to behave in ways they don't want to, including through physical violence, threats, emotional abuse, or financial control.

Common signs of abusive behavior in a partner include:

- Telling you that you never do anything right.
- Showing extreme jealousy of your friends or time spent away from them.
- Preventing or discouraging you from spending time with friends, family members, or peers.
- Insulting, demeaning, or shaming you, especially in front of other people.
- Preventing you from making your own decisions, including about working or attending school.
- Controlling finances in the household without discussion, including taking your money or refusing to provide money for necessary expenses.
- Pressuring you to have sex or perform sexual acts you're not comfortable with.

- Pressuring you to use drugs or alcohol.
- Intimidating you through threatening looks or actions.
- Insulting your parenting or threatening to harm or take away your children or pets.
- Intimidating you with weapons like guns, knives, bats, or mace.
- Destroying your belongings or your home.

Help Reduce Risk and Avoid Potential Attacks

If you are being abused or suspect that someone you know is being abused, speak up or intervene.

- Get help by contacting the Student Assistance Program (students) or Employee Assistance Program (employees) for support services including free and confidential critical counseling services.
- Learn how to look for "red flags" in relationships so you can learn to avoid some of those characteristics in future partners.
- Consider making a report with the local municipal Police Department and/or the University Title IX coordinator and ask for a "no contact" directive from the University to prevent future contact.

Notice Pursuant to the Campus Sex Crimes Prevention Act (CSCPA)

In accordance with the Campus Sex Crimes Prevention Act (CSCPA) California's Megan's Law and in conjunction with the police department jurisdictions in which Alliant's California campuses are located, this policy will be the guiding factor in notifying the Alliant International University community of registered sex offenders associated with the University.

All persons required to register with a local law enforcement agency as a sex offender, according to California Penal Code 290, who enroll in class, work, or make deliveries on the Alliant International University campus 30 days or more in one year, must register at the relevant Police Department as being associated with Alliant International University.

The police department will evaluate the classification of the offender according to California's Megan's Law. If the offender fits into a category of a High-Risk Sex Offender or Serious Sex Offender, the police department is required to inform the University of the registration.

Per CSCPA and California's Megan's Law, Alliant International University will then notify the campus community of the sex offender's registration. This notification will include the name of the offender and may include a photo and a summary of the offender and prior convictions. Alliant International University will make an effort to contact and inform the offender of the intent to notify the community before notification is made.

The purpose of the notification is not to cause undue hardship to a student seeking an education at Alliant International University or to create a hostile work environment. The purpose of this policy is to keep the University community informed for their safety, and to comply with local and

federal law.

Any member of the Alliant International University community who wishes to obtain further information regarding sexual offender/predators in the area of our campuses may refer to the State of California Attorney General website at: www.meganslaw.ca.gov.

Making a Report of Sexual or Gender Based Misconduct/Harassment

Alliant International University community members who have experienced sexual or gender-based misconduct/harassment or are aware of incidents of sexual misconduct experienced by other University members are encouraged to make an immediate report to the University Title IX Coordinator.

A complainant is not required to report to law enforcement to receive assistance from the University. University personnel will help the student or employee contact local police authorities in the event the student or employee has not done so already if the student or employee wishes to do so. If a report is made, University personnel will inform students and employees in writing of procedures that complaints should follow, including:

- A description of the rights and options available to the person making the report;
- The importance of preservation of any evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order;
- Options regarding the assistance of local law enforcement, campus/site officials;
- The option to decline assistance, or decline notifying local law enforcement;
- Options for, and available assistance in making changes to academic, living, transportation, and working situations;
- Any interim protective measures that will be taken and their options for protective orders; and
- Resources, both within the University and in the community, including counseling, health, and mental health services, legal, visa and immigration, student financial aid, disability services, housing assistance, academic supports, and victim's advocacy resources, both within the institution and in the community.

The Title IX Coordinator (or designee) is responsible for investigating complaints of Gender Discrimination, Harassment and Retaliation, including Sex Discrimination and Sexual Harassment, as well as complaints of Sexual Misconduct, Domestic and Dating Violence, and Stalking. The University utilizes trauma informed victim interview protocols for the preliminary victim interview and comprehensive follow-up interviews as appropriate.

Inquiries or complaints regarding the application of Title IX and its implementing regulations may also be filed with the Office of Civil Rights (U.S. Department of Education), and/or with law enforcement.

Confidentiality of Reports of Sexual or Gender Based Misconduct/Harassment

Confidentiality is limited to counselors and psychologists in the employee assistance program (EAP) and student assistance program (SAP). Because content of discussions with confidential

resources is not reported to an office of record, such discussions do not serve as notice to the University to address the alleged discrimination or sexual misconduct.

Individual victims reporting incidents of Sexual or Gender Based Misconduct/Harassment may ask that the individual(s) name(s) not be disclosed or that no investigation or disciplinary action be pursued to address the alleged Sexual or Gender Based Misconduct/Harassment. The University recognizes a student's interest in confidentiality in cases involving Sexual or Gender Based Misconduct/Harassment.

The Title IX Coordinator (or their designee) attempts to balance the needs of the parties for privacy with the institutional responsibility of ensuring a safe educational environment and workplace. Confidentiality is an aspiration but is not always possible or appropriate. An individual's requests regarding the confidentiality of reports of discrimination or sexual misconduct will be considered in determining an appropriate response; however, such requests will be considered in the dual contexts of the University's legal obligation to ensure a working and learning environment that is free from discrimination or sexual misconduct and the due process rights of the accused to be informed of the allegations and their source. Some level of disclosure may be necessary to ensure a complete and fair investigation and resolution.

The University will inform an individual requesting confidentiality that complying with a confidentiality request may limit the University's ability investigate and respond to the complaint. The University will consider a complainant's request for confidentiality alongside its institutional responsibility to provide a reasonably safe and non-discriminatory environment.

The University will maintain as confidential any accommodation or protective measure provided to the complainant, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the accommodations or protective measures.

If a complainant requests confidentiality, which could preclude a meaningful investigation or potential discipline of the potential respondent, or that no investigation or disciplinary action be pursued to address alleged sex-based harassment, the University shall take the request seriously, while at the same time considering its responsibility to provide a safe and nondiscriminatory environment for all students, including for the complainant. The University shall generally grant the request.

If the University determines that it can honor the student's request for confidentiality, it shall still take reasonable steps to respond to the complaint, consistent with the request, to limit the effects of the alleged sex-based harassment and prevent its recurrence without initiating formal action against the alleged perpetrator or revealing the identity of the complainant. These steps may include increased monitoring, supervision, or security at locations or activities where the alleged misconduct occurred; providing additional training and education materials for students and employees; or conducting climate surveys regarding sexual violence. The University shall also take immediate steps to provide for the safety of the complainant while keeping the complainant's identity confidential as appropriate. These steps may include changing course

schedules, assignments, or tests. The complainant shall be notified that the steps the institution will take to respond to the complaint will be limited by the request for confidentiality

When situations arise in which the University must override a complainant's request for confidentiality to meet its Title IX obligations, the following factors will be considered in making this determination:

1. Have there been other complaints of sex-based harassment/misconduct against the alleged
   perpetrator?
2. Does the alleged perpetrator have a history of arrests or records from a prior school indicating a history of harassment/misconduct?
3. Has the alleged perpetrator threatened further sex-based harassment/misconduct against
   the complainant, or others?
4. Was the harassment/misconduct perpetrated by multiple individuals?
5. Does the report of harassment/misconduct reveal a pattern of perpetration at a given location or by a particular group?
6. Was a weapon involved?
7. Are there other means of obtaining relevant information and the institution is able to conduct a thorough investigation and obtain relevant evidence in the absence of the complainant's cooperation?
8. Is the respondent a faculty or staff member with oversight of students?
9. Is there is a power imbalance between the complainant and respondent?
10. Does the complainant believe that the complainant will be less safe if the complainant's name is disclosed, or an investigation is conducted? The institution shall also take immediate steps to provide for the safety of the complainant where appropriate.

If the institution determines that it must disclose the complainant's identity to the respondent or proceed with an investigation, it shall inform the complainant prior to making this disclosure or initiating the investigation. These instances will be limited, and the information will only be shared with individuals who are responsible for handling the University's response to incidents of Sexual or Gender Based Misconduct/Harassment. The University will notify the complainants of the information that will be disclosed, to whom it will be disclosed, and why.

In the event the complainant requests that the institution inform the respondent that the student asked the institution not to investigate or seek discipline, the institution shall honor this request.

Regardless of whether the complainant requests confidentiality, the University will take steps to protect the complainant as necessary. Even if an individual does not specifically ask for confidentiality, to the extent possible, the University will only disclose information regarding alleged incidents of Sexual or Gender Based Misconduct/Harassment to individuals who are responsible for handling the University's response. The University Title IX Coordinator is responsible for ensuring that all records relating to reports and investigations of this nature are

maintained properly and securely. Employee records will be maintained properly and securely by Human Resources.

The University does not publish the name of victims/survivors or other identifiable information regarding victims/survivors in the Daily Crime Log or in the crime statistics that are disclosed in the Annual Security and Safety Report. Furthermore, if a Timely Warning is issued on the basis of a report of dating violence, domestic violence, sexual assault or stalking, the name of the victim/survivor and other personally identifiable information about the complainant will be withheld.

Pursuant to California Education Code section 67380(a)(6)(A), Campus Security Authorities who receive reports from employees or students of a violent crime, sexual assault or hate crime (as defined by Section 422.55 of the Penal Code, Part I) that occurred in an on or non-campus location as defined by the Clery Act, may not disclose to local law enforcement agencies the names of the victims or the alleged assailant, unless the victim consents to disclosing their name after being informed of their right to have their personally identifying information withheld. The name of the alleged assailant may be disclosed, however, if all of the following conditions are met:

1. The alleged assailant represents a serious or ongoing threat to the safety of students, employees, or the institution; and
2. The immediate assistance of the local law enforcement agency is necessary to contact or detain the alleged assailant.

University as Complainant

As necessary and when appropriate under the circumstances Alliant International University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the victim of Sexual Misconduct/Harassment.

In the following circumstances, the University may elect to act as complainant, in the interest of the health and safety of the community, if the person making the report does not elect to do so:

- There have been other complaints of sexual harassment/misconduct against the alleged perpetrator.
- The alleged perpetrator has a history of arrests or records from a prior school indicating a history of harassment/misconduct.
- The alleged perpetrator threatened further sexual harassment/misconduct against the complainant, or others.
- The harassment/misconduct was perpetrated by multiple individuals.
- The report of harassment/misconduct reveals a pattern of perpetration at a given location or by a particular group.

- A weapon was involved.

Retaliation

Alliant International University does not tolerate retaliation against a person who reports in good faith, Sexual or Gender Based Misconduct/Harassment, assists someone with a report of Sexual Misconduct/Harassment, or participates in any manner in an investigation or resolution of a Sexual Misconduct/Harassment report. Retaliation includes threats, intimidation, reprisals, and/or adverse actions related to employment or education.

The exercise of rights protected under the First Amendment does not constitute retaliation. Student complaints alleging retaliation may be filed according to the University's Problem Solving and Dispute Resolution Procedures. Employee complaints alleging retaliation may be filed with Office of People & Culture.

Amnesty

Alliant International University encourages the reporting of crimes by victims and/or witnesses. Sometimes, victims and/or witnesses are hesitant to report to University officials because they fear that by reporting an incident, he/she may be accused of policy violations, such as underage drinking at the time of the incident. It is in the best interests of this community that as many victims and/or witnesses as possible choose to report to University officials.

For example, if a student reported a rape in which he or she was involved as an accused individual, he or she would not be immune from policy violations.

To encourage reporting, an individual who participates as a complainant or witness in an investigation of sexual assault, domestic violence, dating violence, or stalking will not be subject to disciplinary sanctions for a violation of the institution's student conduct policy at or near the time of the incident, unless the institution determines that the violation was egregious, including, but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic dishonesty.

Orders of Protection/No Contact

Alliant International University encourages reporting parties of sexual misconduct to make a formal report to the appropriate local law enforcement authorities for the purpose of filing a criminal complaint and/or seeking and enforcing a no contact, restraining or similar Court Order and has the right to be assisted by the University in exercising this option. The Title IX Coordinator can assist individuals with referrals to resources for obtaining an ex parte court order of protection.

Members of the Alliant International University community who receive a lawful order of protection should provide a copy to the Campus Director (and to Office of People & Culture if the person is an employee). The University also suggests that individuals with orders of protection meet with the Campus Director (and Office of People & Culture if the person is an Alliant

employee) to develop a Safety Action Plan – a plan intended to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to, escorts and special parking arrangements.

In addition to orders of protection issued by the courts, Alliant International University may impose a University- based no contact directive. A University-based no contact directive prohibits an individual from contacting a specific person or specific people until rescinded. Contact includes, but is not limited to: in person, by phone, text messaging, social media, by third person, etc. The Vice President of Student Affairs (or designee), or the Campus Director may issue a no contact directive.

How and Where to File a Formal Complaint of Sexual or Gender Based Misconduct/Harassment with a Responsible Employee

Title IX regulations require that Title IX complaints be made to a responsible employee ("Responsible Employee"). A Responsible Employee is an employee who has the authority to take action to redress sex-based harassment or provide supportive measures to students, or who has the duty to report sexual harassment or other incidents of Sexual Misconduct to an appropriate school official who has that authority. When an individual tells a Responsible Employee about an incident of sex-based harassment or Sexual Misconduct, the individual has the right to expect the University to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably. At Alliant International University, Responsible Employees are the following persons:

- Title IX Coordinator
- Campus Directors
- Faculty and associate faculty
- Graduate student instructors, while performing the duties of employment by the institution.
- Laboratory directors, coordinators, or principal investigators
- Internship or externship directors or coordinators.

If complaints are made to anyone else, the complainant risks the possibility that it will not come to the attention of the appropriate University official, and therefore not be acted upon.

A Complaint can be filed with either of the following Title IX Officials and doing so will provide official notice to the University of a Title IX Complaint through the completion of a Title IX Complaint form that is submitted to the Title IX Coordinator. Only a "formal" complaint triggers the Title IX-specific grievance process.

At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of Alliant International University. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by

using the contact information required to be listed for the Title IX Coordinator in this policy. Additional documents (e.g., police report, e-mails) may be submitted with the Complaint but it is not required.

The University does not limit the time frame in which a Formal Complaint may be submitted. However, the University encourages timely reporting to support the University's ability to respond, investigate, remediate the complaint, and impose any appropriate disciplinary action(s). Any delays in reporting may impede the University's ability to conduct an investigation or take appropriate actions.

The University's Title IX Officials include the University Title IX Coordinator and the University Deputy Title IX Coordinator.

Responding to the Formal Complaint

Upon receiving notice of a formal complaint of a possible violation of the Sexual or Gender Based Misconduct/Harassment policy, the University will take immediate and appropriate steps to:

- End the behavior if possible and identify specific corrective/protective measures to remediate, and prevent sex discrimination including sexual harassment and other sexual misconduct.
- Conduct a prompt, fair and impartial investigation.
- Remedy the effects, and;
- Prevent it from reoccurring

Upon receipt of a formal complaint, the Title IX Coordinator (or a designee) will conduct an initial Title IX assessment. The University utilizes trauma informed victim interview protocols for the preliminary victim interview and comprehensive follow-up interviews as appropriate. The first step of the assessment will usually be a preliminary meeting with the complainant. The purpose of the preliminary meeting is to gain a basic understanding of the nature and circumstances of the report; it is not intended to be a full interview. At this meeting, the complainant will be provided with information about resources, procedural options and interim measures.

If it is determined that the alleged conduct is not within the scope of the Title IX policy, the investigation and disposition of the complaint may be referred to other offices or processes within the University, such as University Office of People & Culture, Provost's Office, or Student Code of Conduct.

The University may, in their discretion, dismiss a formal complaint or allegations therein in the following circumstances:

- If the complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein,
- If the respondent is no longer enrolled or employed by the school;
- Or if specific circumstances prevent the school from gathering sufficient evidence to reach a determination.

The University will give the parties written notice of a dismissal (mandatory or discretionary) and the reasons for the dismissal.

The University may also in their discretion, consolidate formal complaints where the allegations arise out of the same facts.

To ensure University- wide compliance with this policy and with federal and state law, the University Title IX Coordinator must be advised of all reported incidents of sex/gender-based discrimination or sexual misconduct. The University Title IX Coordinator will monitor the resolution of complaints by other offices with concurrent jurisdiction over non-Title IX discrimination or sexual misconduct.

In response to reports of discrimination or sexual misconduct in cases where the complainant does not wish to engage in informal resolution, where informal resolution is not appropriate, or in cases where attempts at informal resolution are unsuccessful, the University Title IX Coordinator may conduct a formal investigation. In such cases, the individual making the report shall be encouraged to file a written complaint. As necessary, the University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the victim.

In cases where there is no written complaint, such as situations that involve a third-party complainant, the University Title IX Coordinator may initiate an investigation after making a preliminary inquiry into the facts, and will inform the person(s) who were allegedly harmed by discrimination or sexual misconduct of the decision to initiate an investigation.

Supportive Measures

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. At the time of notice of a possible violation of the Sexual or Gender Based Misconduct/Harassment policy, the Title IX Coordinator will promptly contact the complainant or respondent (as appropriate) to discuss the availability of supportive measures and consider the complainant's wishes with respect to supportive measure with or without the filing of a formal complaint.

Supportive measures are designed to restore or preserve safe and equitable access to the University's educational programs or activities and protect the safety of all community members. These supportive measures shall be maintained as confidential to the complainant or respondent to the extent that confidentiality would not impair the ability of the University to provide the supportive measures.

Examples of possible supportive measures include:

- Counseling services
- Modifications to academic deadlines or other course-related adjustments needed to address academic difficulties
- Modifications of work or class schedules
- Campus escort services
- Mutual no-contact orders between the parties
- Changes in work locations
- Approved Academic Absence (students)
- Leave of Absence (employees)
- Increased security and monitoring of specific areas of campus

In addition to the supportive measures listed above, the University shall consider and respond to requests for accommodations relating to prior incidents of sex-based harassment that could contribute to a hostile educational environment or otherwise interfere with a student's access to education where both individuals are, at the time of the request, subject to the institution's policies.

When requested by a complainant or otherwise determined to be appropriate, the University shall issue an interim no-contact directive prohibiting the respondent from contacting the complainant during the pendency of the investigation. The University shall not issue an interim mutual no-contact directive automatically, but instead shall consider the specific circumstances of each case to determine whether a mutual no-contact directive is necessary or justifiable to protect the noncomplaining party's safety or well-being, or to respond to interference with an investigation. A no-contact directive issued after a decision of responsibility has been made shall be unilateral and only apply against the party found responsible.

Upon the issuance of a mutual no-contact directive, the University shall provide the parties with a written justification for the directive and an explanation of the terms of the directive. Upon the issuance of any no-contact directive, the University shall provide the parties with an explanation of the terms of the directive, including the circumstances, if any, under which violation could be subject to disciplinary action.

Notice of Complaint

Upon receipt of a formal complaint Alliant will promptly send written notice to both the complainant and the respondent(s) of the allegations. The individual(s) accused of conduct (the respondent) violating the University policy prohibiting Sexual or Gender Based Misconduct/Harassment shall be provided a copy of the written complaint or otherwise informed of the substance of the allegations. If the individual(s) accused cannot be located, attempts at notification shall be documented. At the time of notice of the complaint, the respondent shall be provided with information regarding supportive measures available to them.

The written notice of complaint shall contain a discussion of the formal complaint process, the identity of the complainant, and the date and location of the alleged incident if known, and the specific behavior that is considered a violation of the University's Sexual and Gender Based Harassment and Misconduct policy.

The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and that both parties may inspect, and review evidence gathered in the investigation. The written notice must inform the parties of Alliant Student Code of Conduct and Ethics: Non Academic provisions that prohibits knowingly making false statements or knowingly submitting false information during the grievance process. Employees must be informed that the Alliant Employee Code of Conduct outlines binding minimum standards for responsible behavior toward students, vendors and contractors and the public, as well as for employee behavior within the University.

The notice of complaint will include a statement that a determination of responsibility is made at the conclusion of the University's investigation and hearing process and will be based on a preponderance of evidence standard.

Informal Resolution of a Complaint

In recognition that a wide spectrum of behaviors can constitute violations of University policies, the Title IX Coordinator may resolve reports informally and appropriately, based on the circumstances. In all cases, the Title IX Coordinator will have discretion to determine whether or not informal resolution or mediation is appropriate to the circumstances.

Informal resolution is not appropriate for cases involving a complaint of sexual assault and/or relationship and interpersonal violence, nor for circumstances involving severe misconduct behavior. These types of cases will utilize the formal disciplinary process.

At any time prior to reaching a determination regarding responsibility, the Title IX Coordinator may facilitate an informal resolution process, such as mediation or arbitration, that does not involve a full investigation and adjudication. The following standards apply to any informal resolution:

- Both parties must voluntarily consent to resolve the complaint without engaging in the formal grievance procedure

- No conditions may be placed on the parties in exchange for their consent – The University may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section.
- Both parties will be notified, in writing, of the allegations made in the formal complaint, the requirements of the informal resolution process, and what elements of the process will remain confidential (or not).
- Complainant will not be required to "work out" the problem directly with the respondent.
- An informal resolution process may take the form of a mediation or arbitration before a neutral third party
- Either party can withdraw consent and end the informal process at any time, in which case the University will revert to the formal grievance procedures outlined herein.
- The informal resolution process will be confidential; however, if an informal resolution process is ended by request, any information obtained may be used in a subsequent formal resolution process and hearing.
- Once a Complaint has been resolved through an informal resolution process, the matter will be closed and documented in writing and signed by all parties. Complaints resolved through the informal process will not be referred for official disciplinary action.
- The results of an informal process may be the parties agreeing on counseling, education, or mutual avoidance, among other options.
- An informal resolution cannot be appealed.
- Informal resolution is not appropriate for cases involving a complaint of sexual assault and/or relationship and interpersonal violence, nor for circumstances involving severe misconduct behavior.

Role of the Title IX Coordinator and Other Title IX Administrators

The University Title IX Coordinator is the designated individual to conduct or oversee formal investigation of allegations of discrimination or sexual misconduct, and to coordinate University response(s) to complaints of the same. The Title IX Coordinator may designate a Title IX Investigator to conduct investigations.

Title IX personnel (inclusive of the Title IX Coordinator, the Deputy Title IX Coordinator, and University Administrators who oversee Title IX Hearing Boards) will participate in annual

comprehensive, trauma-informed training programs for campus officials involved in investigating and adjudicating sexual assault, domestic violence, dating violence, and stalking cases training specific to their role. The Title IX Coordinator in charge of conducting the investigation shall receive a minimum of annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct the investigation and hearing process that protects the safety of victims and promotes accountability in a trauma informed manner. Decision-makers and investigators will receive training so that they understand the concept of relevance, the proper conduct of an investigation and the grievance process generally, including hearings, appeals, the drafting factual reports, as well as the conduct of informal resolution processes. Training will also be provided on how to serve impartially, including by avoiding prejudgment of the facts at issue and how to avoid both actual and the appearance of conflicts of interest, and bias. Title IX training materials will be available on the Title IX site on the University webpage. Documentation of training completion for Title IX personnel is maintained by the Title IX Coordinator.

Investigating the Complaint

Both parties have the right to have an advisor of their choice present at every step in the investigation and hearing process. The advisor may be a victim advocate or other supporting person. The advisor may be an attorney. During the investigation process, the advisor is only present to support the student (or employee) and will not represent the student (or employee) nor speak on behalf of the student (or employee). Advisors are permitted to speak with the student (or employee) as necessary, privately or during investigation meetings, to fully perform a supportive role. Whoever is selected as an advisor is limited to observing and consulting with, and providing support to the complainant, witness, or accused party during the investigation. The advisor role in the hearing process will be detailed in a further section of the policy.

Interview Protocol for Follow-Up Interviews

The University utilizes trauma informed victim interview protocols for the preliminary victim interview and comprehensive follow-up interviews as appropriate. The investigation generally shall include interviews with the complainant and respondent (parties if available) and, interviews with other witnesses as needed. The University shall seek the identification and location of witnesses not identified by the parties and a review of relevant documents as appropriate. The Investigator will send a written notice of the interview date, time, and location, name of participant(s), and purpose of the interview to the parties and witnesses, and any identified party advisor, in sufficient time for the party to prepare and participate.

During the investigation, the complainant and respondent will be provided an equal opportunity to meet with the investigator, submit evidence, identify witnesses who may have relevant information, and propose questions for the investigator to ask the other party and witnesses. The investigator has discretion to determine which witnesses to interview and what questions to ask,

and may decline to ask questions that are, for example, repetitive, harassing or not relevant to whether the reported violation(s) occurred.

Disclosure of facts to witnesses shall be limited to what is reasonably necessary to conduct a fair and thorough investigation.

At all times, the Investigator will maintain a working chronology of investigation process, build a timeline of the incident and the relationship/interactions between parties and witnesses, document interviews and contacts, address privacy and retaliation considerations in interviews, and use verbatim quotes, when possible, to ensure nothing is lost in translation from individual interviews.

No person shall make an allegation that he or she knows to be untrue or knowingly provide false information during the course of an investigation. Making a false complaint or giving false information is a violation of University policy and may be a basis for discipline, including and up to expulsion and termination. Evidence of false complaints or false information shall be referred by the University Title IX Coordinator to the appropriate University processes.

The Investigator will independently gather other relevant information or evidence, including documents, photographs, communications between the parties, and medical records (subject to the consent of the applicable person), and other electronic records as appropriate. The Investigator will conduct a review of relevant documents as appropriate.

The investigator shall not consider prior or subsequent sexual history between the complainant and anyone other than the respondent for any reason unless directly relevant to prove that physical injuries alleged to have been inflicted by the respondent were inflicted by another individual.

The investigator shall not consider the existence of a dating relationship or prior or subsequent consensual sexual relations between the complainant and the respondent unless the evidence is relevant to how the parties communicated consent in prior or subsequent consensual sexual relations.

Where the investigator allows consideration of evidence about a dating relationship or prior or subsequent consensual sexual relations between the complainant and the respondent, the mere fact that the complainant and respondent engaged in other consensual sexual relations with one another is never sufficient, by itself, to establish that the conduct in question was consensual.

Before allowing the consideration of any evidence proffered pursuant to this subdivision, the investigator shall provide a written explanation to the parties as to why consideration of the evidence is consistent with the above reasons.

The investigation shall be completed as promptly as possible and in most cases within 60 working days of the date the written complaint was received unless the University determines in its discretion that good cause has been established and more time is required to initiate and

complete the investigation. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. Additionally, the University shall not unreasonably deny a student party's request for an extension of a deadline related to a complaint during periods of examinations or school closures. The University shall provide for notice in writing to parties of any extension of a time period granted in the investigation and fact-finding process that would change the prospective timeframes for the major stages of the complaint process, and the reason for that extension.

The University shall provide for periodic status updates on the investigation consistent with the 60 working day timeline to the complainant and respondent.

Interim Measures

At any time during the investigation, the investigator may recommend that interim protections or remedies for the complainant or witnesses be provided by appropriate University officials. The University may recommend short term, or interim, protections or remedies. These remedial actions may include, but are not limited to:

- making the complainant aware of their rights
- resources and support services
- issuance of No Contact orders to separate or limit contact between the parties
- modification of extracurricular, working or course schedules, assignments or tests
- increased monitoring, supervising, or security at applicable locations or activities
- and/or interim suspension(s) pending investigation

These remedies or protections may apply in ground or online contexts. Failure to comply with the terms of interim protections may be considered a separate violation of the policy prohibiting sexual misconduct.

Notification of Investigation Findings

Prior to the conclusion of the investigation, the Title IX Investigator will provide the parties, and their advisors, all evidence directly related to the allegations, in electronic format or hard copy, and allow up to 10 days for either party to inspect, review and provide a written response to the evidence that has been collected. At the end of the 10-day response period, the Title IX investigator will develop an Investigative report.

The complainant and the respondent shall be simultaneously informed in writing of the completion of the investigation and provided with a copy of the Investigative report. At least 10 days before any hearing, the parties, and their advisors will be provided the investigative report that fairly summarizes relevant evidence, in electronic format or hard copy, to which the parties may respond. If the alleged complainant is deceased as a result of such crime or offence, the next of kin of such complainant shall be treated as the alleged complainant for purposes of this notice. The report shall include a statement of the allegations and issues and a summary of the

evidence and information that was gathered in the investigation and deemed relevant by the Title IX investigator for purposes of determining if a policy violation has occurred.

The report may be used as evidence in other related procedures, such as subsequent complaints, grievances and/or disciplinary actions.

Live Hearing

The Title IX Coordinator shall decide whether or not a hearing is necessary to determine whether any sexual violence more likely than not occurred. In making this decision, the Title IX Coordinator may consider whether the parties elected to participate in the investigation and whether each party had the opportunity to suggest questions to be asked of the other party or witnesses, or both, during the investigation.

After both parties have received the Investigative report, a date will be set for a hearing to allow both parties to respond to the evidence gathered and for a Hearing Panel to determine if a policy violation has occurred. The University will provide written notification to the complainant and respondent of the hearing date and procedures. The Complainant and Respondent will be provided at least 10 business days' notice of the hearing date from the date that the Investigative report was provided to the parties.

The Hearing Panel is a fact-finding committee comprised of individuals trained or experienced in Sexual Misconduct. Depending on the complexity of the issues, a Hearing Panel may have 3-5 panelists. The individuals who serve as panelists will be selected by the Title IX Coordinator, or other designated official.

The Hearing Panel will have for its review, the initial complaint, the respondent's response and any cross-complaints, all witness statements written or recorded, and any evidence preserved for the hearing in the form of the Investigative report. The Hearing Panel will be chaired by a person who is not the Title IX investigator nor the Title IX Coordinator.

The Hearing will occur either in person, or in a synchronous distance technology format enabling participants simultaneously to see and hear each other, at the discretion of the University. At the request of either party, the Title IX Coordinator must provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions. An audio or video recording and transcript of the hearing will be made and will be made available to both parties for inspection and review. The complainant and respondent(s) will be provided the same opportunity to present fact and expert witnesses and other supporting and exculpatory evidence.

Advisor Role in Cross Examination at the Live Hearing

During the hearing, the advisor for each party is permitted to cross-examine the other party and any witnesses. Cross examination must be conducted directly, orally, and in real time by the party's advisor. Parties are not allowed to represent themselves. Neither party is permitted to

directly cross-examine the other party and all cross-examination must be conducted by the advisor. Before a party or witness answers a cross-examination question, the Hearing Panel chair will determine if a question is relevant and explain any reasoning for determining to exclude a question.

If a party does not have an advisor present at the live hearing, the University must provide without fee or charge to that party, an advisor of the University's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

Student parties shall have the opportunity to submit written questions to the Hearing Panel Chair in advance of the hearing. At the hearing, the other party shall have an opportunity to note an objection to the questions posed. The Hearing Panel chair may limit such objections to written form, and neither the Hearing Panel chair nor the University are obligated to respond, other than to include any objection in the record. The Hearing Panel chair shall have the authority and obligation to discard or rephrase any question that the Hearing Panel chair deems to be repetitive, irrelevant, or harassing. In making these determinations, the Hearing Panel chair is not bound by, but may take guidance from, the formal rules of evidence.

Generally, the parties may not introduce evidence, including witness testimony, at the hearing that the party did not identify during the investigation and that was available at the time of the investigation. However, the Hearing Panel chair has discretion to accept for good cause, or exclude, such new evidence offered at the hearing.

If a party or witness does not submit to cross-examination at the live hearing, the Hearing Panel must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the Hearing Panel cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

Questions about the complainant's sexual predisposition or prior sexual history are not permitted unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. Specifically:

The hearing officer shall not consider prior or subsequent sexual history between the complainant and anyone other than the respondent for any reason unless directly relevant to prove that physical injuries alleged to have been inflicted by the respondent were inflicted by another individual.

The hearing officer shall not consider the existence of a dating relationship or prior or subsequent consensual sexual relations between the complainant and the respondent unless the evidence is

relevant to how the parties communicated consent in prior or subsequent consensual sexual relations.

Where the hearing officer allows consideration of evidence about a dating relationship or prior or subsequent consensual sexual relations between the complainant and the respondent, the mere fact that the complainant and respondent engaged in other consensual sexual relations with one another is never sufficient, by itself, to establish that the conduct in question was consensual.

Before allowing the consideration of any evidence proffered pursuant to this subdivision, the hearing officer shall provide a written explanation to the parties as to why consideration of the evidence is consistent with the above reasons.

Determining Responsibility

At the conclusion of the Hearing, the Hearing Panel members will consider all information presented at the Hearing and determine if a policy violation has occurred.

Respondents are presumed not responsible until the school proves otherwise. The burden of gathering evidence and carrying the burden of proof is solely on the institution.

The standard of evidence in these cases is preponderance of the evidence. Preponderance of the evidence means that it is "more likely than not" that the respondent is responsible for the charged violation. The institution will use the same evidentiary standard for all sexual harassment proceedings, whether involving students or employees.

For allegations of discrimination or harassing behavior, there are two possible findings:

- Substantiated: It is more likely than not that the allegation is true.
- Unsubstantiated: It is not possible to determine whether the allegation is true or untrue. There is insufficient evidence to prove or disprove that the allegation is true.

The Hearing Panel Chair will develop a written determination of responsibility, within 10 business days of the conclusion of the hearing, that includes:

- A description of the specific behavior that is potentially considered a violation of the University's Sexual and Gender Based Harassment and Misconduct policy
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held
- A finding of fact supporting the determination
- Conclusions regarding the application of the University's Sexual and Gender Based Harassment and Misconduct policy to the facts
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility

- Any disciplinary sanctions the University imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the University to the complainant. If the alleged complainant is deceased as a result of such crime or offence, the next of kin of such complainant shall be treated as the alleged complainant for purposes of this notice.
- And the University's procedures and permissible bases for the complainant and respondent to appeal

The Hearing Panel Chair must provide simultaneous written notification of any determination as to results of institutional disciplinary proceeding to the parties. The determination regarding responsibility becomes final either on the date that the University provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Sanctions

Not all forms of sex/gender-based misconduct will be deemed to be equally serious offenses, and the University will assign sanctions that are appropriate to the violation, taking into consideration the context and seriousness of the violation. Any student found responsible for violating this will receive a sanction in accordance with the Student Code of Conduct and/or offender history.

The following disciplinary sanctions comprise a range of official action for students and employees, which may be imposed for violation of regulations. One or more sanctions may be imposed. Additionally, students or employees who violate federal, state, or local laws may also be referred to the criminal justice system for prosecution.

Disciplinary Warning

This written action is taken when the individual's conduct or involvement merits an official admonition. The student or employee is warned that further misconduct may result in more severe disciplinary action.

Disciplinary Probation

A form of reprimand that is fitting for the type of violation or repeated violations as designated for a certain period of time by the hearing officer. The student or employee may, if it is deemed appropriate, represent the University in activities and hold office in student organizations during the time stipulated as probationary. The student or employee is notified that further infractions of any University regulation may result in more stringent restriction being placed on his/her actions.

Interim Suspension

Students or employees may be subject to interim suspension for a period pending full disciplinary proceedings whenever there is evidence that the continued presence of the student or employee on the campus poses a substantial threat to the safety or well-being of any person or persons, University property, or the property of others. An interim suspension may become effective

immediately without prior notice. A student or employee suspended on an interim basis will be given an opportunity to appear personally before a hearing officer within 10 or fewer calendar days from the effective date of the interim suspension.

During an interim suspension, the student or employee will be barred from all or part of the University's premises. Any student or employee under interim suspension who returns to the portion of campus from which he/she is barred without written permission will be subject to dismissal or termination from the University and subject to arrest for trespassing.

Suspension

This sanction is one of involuntary separation of the student or employee from the University for a designated period. After this period, the student or employee is eligible to return. The University may establish additional requirements, which must be fulfilled prior to reinstatement. Permanent notation of suspension will appear on the student's transcript and academic history or the employee's personnel file. The student or employee shall not participate in any University-sponsored activity and may be barred from University premises during suspension.

Conduct Dismissal

This sanction is one of involuntary and permanent separation from the University. Notice of permanent dismissal or termination will appear on the student's academic history and transcript or the employee's personnel file. The student or employee will also be barred from University activities and premises.

Good Standing

A student is not considered to be in good standing for purposes of admission to the University while under a sanction of suspension or expulsion, or while his or her admission or re-admission has been qualified.

Administrative Hold and Withholding a Degree

The University may place an administrative hold on registration transactions and release of records and transcripts of a student who has been sent written notice of a pending investigation or disciplinary case concerning that student and may withhold awarding a degree otherwise earned until the completion of the process set forth herein, including the completion of all sanctions imposed.

Any employee found responsible for violating this or other University policies will receive a sanction in accordance with University policies and procedures.

The discipline may include, but is not limited to:

1. Unpaid leave from work during the investigation,
2. Unpaid suspension from work after a violation has been found,
3. A Performance Improvement Plan, or

4. Termination of employment

Any third party (visitor, guest, contractor, subcontractor, vendor, partner, or business affiliate) found responsible for violating University policy will receive a sanction ranging from a written warning to being banned from any University property, activities, and/or programs.

Other Discrimination Incidents

It is University policy that all persons should enjoy freedom from unlawful discrimination of any kind, including harassment or retaliation for reporting a complaint (see Non-Discrimination policy). University policy prohibits discrimination between members of the University community, including between students and between employees and students.

All other incidents, including non-harassment, misconduct, or any other consideration made unlawful by federal, state, or local laws, should contact the compliance officers listed in the Non-Discrimination policy who are available to help students resolve issues. The University encourages discussion between the parties directly involved in any complaint, especially in the early stages of a dispute before the respective parties have assumed positions which may polarize the dispute and render a solution more difficult. In any event, students have the right to file a formal written grievance, either initially or if informal resolution is not possible.

Findings Appeal

If the complainant and/or the respondent(s) disagree with the findings, in part or in totality, either the complainant or the respondent may appeal the finding in part or in totality on the following bases:

- Procedural irregularity that affected the outcome of the matter
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter
- The Title IX Coordinator, investigator(s), or Hearing Panel (s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The respondent and/or complainant have five (5) business days, barring documented unforeseen circumstances from the date of communication of findings, to present the formal appeal, in writing, to the University Provost, Dr. Tracy Heller.

Dr. Tracy Heller
10455 Pomerado Road
San Diego, CA 92131
theller@alliant.edu

The written appeal must state the basis for appeal and provide sufficient information that supports the grounds for appeal.

The Provost will review all cases presented for appeal within five (5) business days of the appeal, barring documented unforeseen circumstances, to determine if the presented grounds for appeal and supporting information will be accepted or rejected. If the appeal does not meet the stated grounds for appeal, the appeal will be rejected. The Provost, within two (2) business days of the determination, barring documented unforeseen circumstances, simultaneously and in writing, inform the complainant and the respondent the appeal decision.

If the Provost determines there is sufficient evidence to support an appeal based on procedural irregularity or new evidence, the matter will return to the Title IX Coordinator for further action unless the appeal alleges the Title IX Coordinator, investigator(s), or Hearing Panel (s) had a conflict of interest or bias which deprived the process of impartiality in a way that was outcome determinative.

In appeals of conflict of interest or bias, the appeal will remain with the Provost, or their designee for review and final decision. The bias appeal review will be completed within fourteen (14) calendar days of submission to the Provost barring documented unforeseen circumstances that may extend the appeal review.

The Provost will communicate the appeal findings simultaneously and in writing to the complainant and the respondent. Additionally, the Provost will consult with the Title IX Coordinator for any impact to remedies implemented.
